Signals.

1 One blow will be struck every day at 7.30 A.M., 12 M. and 5.45 P.M.
1–1 Two blows will be given when the companies in service at fires have "made-up."
3 Three blows, followed by four rounds of a box number, General Alarm, and calls the entire Fire Department.
3 Four rounds, Police Signal.
22 Four rounds, School Signal.
172 Boston. Cross River at Mattapan.
173 Hyde Park.
432 Boston. Cross River at Milton.
452 / **451** Boston. Cross River at Central Avenue.
562 Canton.
672 Quincy.
Milton Convalescent Home.

Special Signals for Fires in the Blue Hills Reservation.

1 Canton Avenue and Blue Hill Avenue.
92 Harland Street, entrance to Reservation.
93 Park Headquarters, Hillside Street.
94 Forest Street, Quincy Line.
95 Randolph Avenue, Quincy Line.
96 Randolph Avenue and Highland Street.

Running Card.

Engine No. 1 and Hose No. 1 will respond to all alarms and signals.

Ladder Truck No. 1 will respond to all alarms and signals except signal **451.**

Combination No. 1 will respond to all alarms but not to signals calling for apparatus to go out of town.

Hose No. 2 will respond to first alarms from Boxes **32, 34, 341, 6, 62, 63, 64, 65, 67, 68, 69, 651,652, 671, 71, 73.**

Hose No. 3 will respond to first alarms from Boxes **35, 312, 315, 351.**

Hose No. 4 will respond to first alarms from Boxes **17, 142, 151, 21, 23, 24, 25, 27, 5, 51, 52, 53, 54, 56, 57, 521, 542.**

When, after an alarm has been sounded, and before the all-out signal for the same has been given, an alarm is given from another box, the alarm from the second box is to be responded to the same as a General Alarm.

Directions in Case of Fire.

Get the key to the nearest box, open and pull the hook all the way down once, then let go and close the door.

Remain at the station, if possible, after giving an alarm, to direct the firemen to the fire.

Second alarms will be given only by one of the Engineers.

Citizens are earnestly requested to keep themselves informed as to the location of the keys. Signs over each box will give the desired information.

Caution to Persons Holding Station Keys.

Never open or touch the apparatus except in case of fire.

Never sound the alarm for a fire seen at a distance, unless assistance is called for.

Be reasonably sure there is a fire before sounding the alarm.

Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.

If you remove from your house or place of residence, return the key to the Engineers at once.

ANNUAL TOWN REPORT

OF

MILTON

MASS.

FOR THE YEAR ENDING

DECEMBER 31, 1920

COMPILED BY

THE AUDITORS

T. O. METCALF COMPANY
BOSTON

STATEMENT OF THE AUDITORS

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the Town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury, for the year ending December 31, 1920, and have found the same correct.

Respectfully submitted,

J. HERBERT RAYMOND
FREDERICK N. KRIM } *Auditors*

MILTON, MASS., December 31, 1920.

REVISED BY-LAWS

TOWN OF MILTON, MARCH 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902.

The amendments to Chapters 2, 3, 7, 8, *and* 10 *adopted by the Town March* 2, 1914, *March* 13, *and September* 1, 1915, *were approved by the Attorney-General, December* 10, 1914, *May* 8, *and September* 22, 1915.

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows: —

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended,

or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.: —

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall,

upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

CHAPTER 4

The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

Sect. 9. To provide for extraordinary expenditures of departments, should any

become necessary in excess of appropriations made, the Town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery

offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery: —

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desire to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section

shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise then in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

THE CONSTRUCTION AND INSPECTION OF BUILDINGS

SECTION 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act," for all matters concerning the construction,

equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

Sect. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

Sect. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

Sect. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

Sect. 8. No building shall be lathed nor shall any metal ceiling, plaster board or

other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height	*Foundations*	*Basement*	*Stories*					
			1	2	3	4	5	6
1 Story	16	12	8					
2 Stories	16	12	12	8				
3 Stories	20	16	12	12	8			
4 Stories	20	16	16	12	12	8		
5 Stories	20	16	16	16	12	12	8	
6 Stories	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less tha four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23 A: All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone,

thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine Oak and Locust	*Other Woods*
Direct tension on compr. or fiber str.	1,500	1,000
Direct comp. side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3000) pounds per square inch. The maximum compression in short pieces or compressive fibre stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 lbs. per square inch; compression in columns, 13,000 lbs. per square inch.

Columns may be used with a ratio of length (1) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of 1 to r.

Shear in rivets, 10,000 lbs. per square inch; shear in rough bolts, 9,000 lbs. per square inch; shear in web (stiffened), 8,000 lbs. per square inch; bearing on rivets, 18,000 lbs. per square inch; bearing on rough bolts, 15,000 lbs. per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry,

and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

SECT. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36 A: No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

SECT. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

SECT. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

SECT. 38 A: Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

ELECTRIC WIRING AND FIXTURES

SECT. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46 of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes.

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen (18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a

chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

SECT. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

THE REGULATION AND INSPECTION OF PLUMBING

SECTION 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

SECT. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

SECT. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

SECT. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

SECT. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

SECT. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints,

but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

Sect. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside of the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter (1¼) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside

of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

SECT. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one one hundred (100) dollars for each offense, to be paid into the treasury of the Town of Milton.

SECT. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

STREET RAILWAYS

SECTION 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

MARCH 19, 1866. *Voted,* To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

MARCH 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

MARCH 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

MARCH 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

DECEMBER 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 1, 1880. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

MARCH 7, 1881. *Voted,* To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

MARCH 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

FEBRUARY 12, 1891. *Voted,* To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

FEBRUARY 3, 1894. *Voted,* That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year, 893, relative to the election of a separate Board of Assessors.

G. Frank Kemp,
Town Clerk.

IN THE BOARD OF SELECTMEN

MILTON, September 6, 1918.

ORDERED that the following rules are hereby adopted for the regulation of carriages and vehicles in the Town of Milton, however propelled.

RULE 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, place, change the position of, or move such carriage or other vehicle as directed by any police officer.

RULE 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street, unless otherwise directed by a police officer.

RULE 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the Town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

RULE 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

RULE 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

RULE 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

RULE 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

RULE 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

RULE 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

RULE 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

RULE 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for the conveyance of children.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars ($20) for each offense.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1920

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS NORFOLK, ss.

To either of the Constables of the Town of Milton, Greetings: —

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon the 6th day of March next at fifteen minutes before six o'clock in the forenoon, then and there to act upon the following articles, to wit:

ARTICLE 1. To choose by ballot the following Town officers: Moderator, Town Clerk, 3 Selectmen, Assessors, Overseer of the Poor, Treasurer, 2 Auditors, Collector of Taxes, Constables, Sewer Commissioner, Member of the Board of Health, 2 Members of the School Committee, Water Commissioner, Cemetery Trustee, Park Commissioner, 3 Trustees of Public Library, Tree Warden, Trustee of Wadsworth Fund.

ARTICLE 2. To vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" The polls will remain open until four o'clock in the afternoon, after which time a vote may be passed to close them in not less than ten minutes. In accordance with the By-Laws the meeting will then be adjourned until Saturday, March 13 next, at one-thirty o'clock P.M., to consider the following articles:

The following appointments of Ballot Clerks and Tellers were made by the Selectmen to serve at said meeting, viz.:

Ballot Clerks: Thomas M. Lennon, Henry D. Mahoney, Charles F. Thompson, Ralph Eaton, Edwin J. Fairbank, Wallace C. Tucker, John L. Kelly, James Sangster.

Tellers: Henry F. Brierly, John J. Colgan, Frank I. Jordan, Stephen J. Shaughnessy, Arthur F. Donnell, Walter A. Cheney, Martin L. Bannin, Richard C. Mulroy, Clyde L. Whittier, R. Murray Mitchell, Robert J. Duncan, William H. McGee, Walter M. Church, Lewis B. Currier, J. Arthur Spencer, Clarence M. Dutton, Frank R. Forde, George Kelly, Homer S. Withington, George Hart, W. Russell Pierce, Walter MacDonald.

All of the above-named Ballot Clerks and Tellers were sworn by the Town Clerk.

At four o'clock P.M., *Voted*, To close the Polls for Town officers in thirty minutes.

At four-thirty o'clock P.M., *Voted*, To extend the time of closing the Polls fifteen minutes.

All ballots cast for Town officers having been sorted, counted, declared and recorded, the result being as hereby appended, and the following officers chosen, viz.:

Maurice A. Duffy, James F. Mitchell, Jacob A. Turner, Selectmen and Surveyors of Highways.

G. Frank Kemp, Town Clerk.

Charles H. Horne, Assessor.

J. Porter Holmes, Town Treasurer.

George Y. Badger, Harriet Whittier, School Committee.

G. Frank Kemp, Collector of Taxes.

Frederick N. Krim, J. Herbert Raymond, Auditors.

J. Sumner Draper, Park Commissioner.

Stanley Cunningham, Sewer Commissioner.

Edward E. Ford, Water Commissioner.

Paul R. Withington, Board of Health.

Peleg Bronsdon, George W. Higgins, Timothy McDermott, Maurice Pierce, Constables.

Roger L. Scaife, Roderick Stebbins, Arthur H. Tucker, Trustees of Public Library.
Ellerton P. Whitney, Trustee of Cemetery.
Ralph S. Carpenter, Tree Warden.
Frederick Chase, Overseer of Poor.
Charles S. Pierce, Moderator.
H. Clifford Gallagher, Trustee of Wadsworth Fund.

Voted, That licenses for the sale of intoxicating liquors be granted in this Town. The vote being as follows:

Yes, 573; No, 266; Blanks, 136.

The result of the ballot was declared at 8 o'clock P.M., and the meeting adjourned until March 13, 1920 at 1.30 P.M.

1988505

ADJOURNED MEETING, MARCH 13, 1920

ARTICLE 3. To choose all such Town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Surveyors of Lumber.

ARTICLE 4. To hear and act upon the Auditors' report, and reports of other Town officers and committees.

Voted, That the Auditors (printed) Report be accepted and placed on file.

Voted, That the School Committee's report be accepted as the report of the Committee on completion of the High School, and that the Committee be discharged.

ARTICLE 5. To see what sum of money the Town will vote to appropriate for the support of the schools the present year.

Voted, To appropriate $164,600 together with the receipts of the department, this sum to cover the cost of transportation of pupils, and medical inspection of pupils, as well as general school expenditures.

ARTICLE 6. To see what sum of money the Town will vote to appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots the present year.

Voted, That no appropriation be made under this Article. Provision for such improvement in school lots is included in the appropriation made under Article 24.

ARTICLE 7. To see what sum of money the Town will vote to appropriate to be expended under the direction of the School Committee for the supervision of play and games on land under their control and for the equipment thereof in accordance with Acts of 1911, Chapter 314, the present year.

Voted, To appropriate $500 to be expended under the direction of the School Committee for the supervision of play and games on land under their control, and for the equipment thereof in accordance with Acts of 1911, Chapter 314.

ARTICLE 8. To see what sum of money the Town will vote to appropriate for the completion of the High School building.

Voted, To appropriate $8,000 for the completion of the High School building, to be expended under the direction of the School Committee.

ARTICLE 9. To see what sum of money the Town will vote to appropriate to pay the cost of the municipal use of the gymnasium and school buildings.

Voted, To appropriate $1,500, together with the receipts for such municipal use.

ARTICLE 10. To see what sum of money the Town will vote to appropriate to provide lunches for pupils in the public schools.

Voted, To appropriate $200, together with the receipts in connection therewith.

ARTICLE 11. To see if the Town will vote to acquire by purchase or otherwise additional land for school purposes on Oak Street adjoining the Tucker School Lot and appropriate money therefor.

Voted, That action under this Article be indefinitely postponed.

ARTICLE 12. To see if the Town will authorize the preparation of plans and specifications for a new elementary school building in the Tucker District and appropriate money therefor.

Voted, That a committee of five citizens, three of whom shall be members of the School Committee, be appointed by the Moderator, to carefully study the school situation in the Mattapan District, and, if in their judgment additional facilities are necessary, they are to have detailed plans prepared, obtain full and accurate estimates of the expense, and report their recommendations to the Town at the next March meeting, or at a special meeting called for this purpose. And *Voted,* To appropriate $1,000 for the purposes of said Committee.

Committee appointed: Reginald L. Robbins, Stephen C. Mitchell, Leonard M. Patton, William G. Rodd, J. Henry Scott.

Article 13. To see what sum of money the Town will vote to appropriate for the Street Department the present year: General Expenses, Sidewalk Purposes, Maintenance of Public Fountains, Street Watering and Oiling, Removal of Ice and Snow, Permanent Construction.

Voted, To appropriate $106,000 to be apportioned as follows:

General Expenses, $49,000.
Sidewalk Purposes, $3,000.
Street Watering and Oiling, $12,000.
Removal of Ice and Snow, $12,000.
Permanent Construction, $30,000 for rebuilding a portion of the main thoroughfares of the Town, as recommended by the Highway Committee in its report dated December 31, 1915, said sum to be expended under the direction and control of a committee consisting of two (2) citizens appointed by the Moderator, and the three (3) members of the Board of Selectmen; the work to be done by contract, or otherwise, as the said committee shall consider for the best interests of the Town. (Robert H. Hallowell.) (Sidney A. Parsons.)

Article 14. To see what sum of money the Town will vote for the care and maintenance of Granite Avenue Bridge over the Neponset River. (See Chapter 58, General Acts, 1915.)

Voted, To appropriate $2,500 for the care and maintenance of Granite Avenue Bridge over the Neponset River.

Article 15. To see what sum of money the Town will vote to appropriate for street lighting the present year.

Voted, To appropriate $19,800.10 for street lighting the present year.

Article 16. To see what sum of money the Town will vote to appropriate for additional street lights to be installed during the present year.

Voted, To appropriate $100 for additional street lights to be installed during the present year.

Article 17. To see what sum of money the Town will vote to appropriate for the Fire Department the present year.

Voted, To appropriate $41,335 for the Fire Department the present year.

Article 18. To see what sum of money the Town will vote to appropriate for the use of the Department of Wires, the Police and Fire Alarm Signal System and the Inspection of Wires, the present year.

Voted, To appropriate $5,600 for the use of the Department of Wires, the present year.

Article 19. To see what sum of money the Town will vote to appropriate for the Police Department, the present year.

Voted, To appropriate $56,125 for the Police Department, the present year.

Article 20. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, To appropriate $12,500, together with all fines received at the Library for 1920, and the Dog Tax for 1919, for the Public Library, the present year.

Article 21. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery, the present year.

Voted, To appropriate $10,000, together with the receipts of the department, for the improvement of the Cemetery, the present year.

ARTICLE 22. To see if the Town will vote to amend Section 3 of Chapter 5 of the Revised By-Laws relating to the care of the Cemetery, by inserting the words "not less than" before the words "fifty cents" so that the Section shall read as follows:

The trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Voted, To amend Section 3 of Chapter 5 of the Revised By-Laws relating to the care of the Cemetery by inserting the words "not less than" before the words "fifty cents" so that the Section shall read as follows:

The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

ARTICLE 23. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, To appropriate $3,050 for the general uses of the Board of Park Commissioners, the present year.

ARTICLE 24. To see what sum of money the Town will vote to appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees, the present year.

Voted, To appropriate $4,000 together with the receipts of the Department and the further sum of $300 for the care of trees in the Cemetery, the present year.

ARTICLE 25. To see what sum of money the Town will vote to appropriate to be expended by the Local Superintendent for the suppression of the gypsy and brown-tail moths the present year.

Voted, To appropriate $13,000, together with all receipts of the department, to be expended by the local Superintendent for the suppression of the gypsy and brown-tail moths the present year, to be disbursed as follows:

General Expenses, $10,504.22.
Repairs to Damaged Truck, $995.78.
Auto Truck for Spraying, $1,500.

ARTICLE 26. To see what sum of money the Town will vote to appropriate for the support of the poor, the present year.

Voted, To appropriate $12,000 together with reimbursements for aid rendered and receipts from sales at Town Farm, for the support of the poor the present year.

ARTICLE 27. To see what sum of money the Town will vote to appropriate for the Soldiers' Relief the present year.

Voted, To appropriate $1,500 for the Soldiers' Relief the present year.

ARTICLE 28. To see what sum of money the Town will vote to appropriate for State Aid the present year.

Voted, To appropriate $1,200 for State Aid the present year.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for the maintenance of the Sewer Department the present year.

Voted, To appropriate $2,000 for the maintenance of the Sewer Department the present year.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the extension of the sewerage system the present year.

Voted, To appropriate $9,800 for the extension of the sewerage system, $7,000 of this amount to be transferred from the Sewer Assessment Account, and $2,800 to be raised by taxation.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the extension of water mains the present year.

Voted, To appropriate $2,500 for the extension of water mains the present year.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for hydrant service the present year.

Voted, To appropriate $9,000 for hydrant service the present year, this amount to cover also the water supplied for the public fountains.

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the Health Department the present year.

Voted, To appropriate $3,000 together with receipts of the department, for the Health Department the present year, and that this appropriation include the expense of inspection of sewer connections.

ARTICLE 34. To see what sum of money the Town will vote to appropriate for the collection of ashes and garbage the present year.

Voted, To appropriate $6,500 for the collection of ashes and garbage the present year, to be expended under the direction of the Board of Health.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for salaries the present year.

Voted, To appropriate $10,450 for salaries the present year, to be disbursed as follows:

Selectmen: Chairman, $500. Second and Third Members $500 each.
Assessors: Chairman, $600. Second and Third Members $500 each.

Sealer of Weights and Measures, not more than $200.
Tree Warden, not more than $400, said salary to cease and terminate at any time during the year when the Tree Warden shall cease to occupy the position of Local Superintendent for the suppression of gypsy and brown-tail moths.
Inspector of Wires, not more than $200.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for miscellaneous expenses the present year.

General Expenses,	Town Hall and Lot,
Interest,	Printing,
Contingent,	Insurance

Voted, To appropriate the following sums for miscellaneous expenses the present year:

General Expenses, $12,200 and receipts. Interest, $19,008.75. Contingent Fund, $5,000. Town Hall and Lot, $2,500 and receipts.
Printing, $2,800. Insurance, $14,158.38.

ARTICLE 37. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Assessors the present year.

Voted, To appropriate $2,200 for the general uses of the Board of Assessors the present year.

ARTICLE 38. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, That the Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 39. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1920.

Voted, That the Town Treasurer, with the approval of the Selectmen, be, and he hereby is, authorized to borrow to an amount not to exceed $350,000 in anticipation of the revenue of the financial year ending December 31, 1920, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1920.

(Result of Vote: Yes, 266, No, 0.)

ARTICLE 40. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1921, in anticipation of the revenue of the financial year ending December 31, 1921.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and he hereby is, authorized to borrow on and after January 1, 1921, to an amount not to exceed $75,000 in anticipation of the revenue of the financial year ending December 31, 1921, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1921.

(Result of Vote: Yes, 266, No, 0.)

ARTICLE 41. To see what sum of money the Town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Voted, To appropriate $300 to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ARTICLE 42. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

Voted, That the Selectmen be and they hereby are authorized to employ counsel to represent the Town at hearings before committees of the General Court.

ARTICLE 43. To see if the Town will vote authorizing the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment; to have the power to fill vacancies in its own number, and to report in print to the Town at the Town Meeting next following the close of its term of office.

Voted, That the Moderator be and he hereby is authorized to appoint a committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have the power to fill vacancies in its own number, and to report in print to the Town at the Town Meeting next following the close of its term of office.

Committee appointed: Charles S. Pierce, Lincoln Bryant, G. Frank Kemp, W. Rodman Peabody and Felix Rackemann.

ARTICLE 44. To see what sum of money the Town will vote to appropriate towards the restoration of the Perpetual Care Fund.

Voted, To appropriate $2,000 towards the restoration of the Perpetual Care Fund; that such sum be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

ARTICLE 45. To see what sum of money the Town will vote to appropriate for the retirement of teachers in the Public Schools under the provisions of Chapter 498, Acts of 1908, for the present year.

Voted, To appropriate $425 for the retirement of teachers in the Public Schools under the provisions of Chapter 498, Acts of 1908, for the present year.

ARTICLE 46. To see what sum of money the Town will vote to appropriate for the present year for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Chapter 327, Acts of 1904.

Voted, To appropriate $3,439 for the present year for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Chapter 327, Acts of 1904.

ARTICLE 47. To see what sum of money the Town will vote to appropriate for pensions for laborers under Chapter 503, Acts of 1912, for the present year.

Voted, To appropriate $1,677.84 for the present year, for pensions for laborers, under Chapter 503, Acts of 1912.

ARTICLE 48. To see what sum of money the Town will vote to appropriate to pay awards of compensation for injuries under Chapter 807, of the Acts of 1913.

Voted, To appropriate $162 to pay awards of compensation for injuries under Chapter 807, of the Acts of 1913.

ARTICLE 49. To see what sum of money the Town will vote to appropriate to pay annuities to Katherine K. McDermott, widow of Thomas F. McDermott, and Catherine M. Moran, widow of Patrick Moran, under Special Acts, Chapters 16 and 17, of 1919.

Voted, To appropriate $300 to be paid as an annuity to Katherine K. McDermott, widow of Thomas F. McDermott, and $300 to be paid as an annuity to Catherine M. Moran, widow of Patrick Moran, in accordance with the provisions of Chapters 16 and 17 of the Special Acts of 1919.

ARTICLE 50. To see if the Town will vote to instruct the Committee on Town Government (appointed under Article 54 at the March meeting in 1917) to study the subject of Representative Town Meetings, and report their recommendations in print to the citizens of the Town before the annual meeting in March, 1921. And also to authorize the Committee to ask the Legislature of 1921 for such permissive legislation as may be necessary to carry out their recommendations.

Voted, To instruct the Committee on Town Government (appointed under Article 54 at the March meeting in 1917) to study the subject of Representative Town Meetings, and report their recommendations in print to the citizens of the Town before the annual meeting in March, 1921. And also to authorize the Committee to ask the Legislature of 1921 for such permissive legislation as may be necessary to carry out their recommendations.

ARTICLE 51. To see if the Town will vote to change the name of Webster Place so called in East Milton, running westerly from Babcock Street, to Andrews Road.

Voted, To change the name of Webster Place so called in East Milton, running westerly from Babcock Street, to Andrews Road.

ARTICLE 52. To see if the Town will vote to appropriate a sufficient sum of money to increase the Town Employees' wages on the following basis: All employees receiving $1,500 or less per year, 20 per cent; all employees receiving from $1,500 to $2,500 per year, 15 per cent; and all employees receiving over $2,500, 5 per cent.

Voted, That this article be indefinitely postponed.

ARTICLE 53. To see if the Town will vote to grant the Town Employees Saturday half holiday, the year round.

Voted, That this article be indefinitely postponed.

ARTICLE 54. To see if the Town will vote to raise the pay of the call men in the Fire Department 25 per cent and appropriate money for the same.

Voted, That this article be indefinitely postponed.

ARTICLE 55. To see if the Town will vote to accept Chapter 15 of the Special Acts of 1919 entitled "An Act Relative to Pensioning Call Members of the Fire Department of the Town of Milton."

Voted, That this article be indefinitely postponed.

ARTICLE 56. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1920.

Voted, To appropriate $600 to be expended by the Selectmen for the celebration of the Fourth Day of July, 1920.

ARTICLE 57. To see if the Town will vote to accept Granite Avenue (formerly called Willard Street) as widened and altered at the junction of Pierce Street, by the Selectmen, and appropriate money for the same.

Voted, To accept Granite Avenue (formerly called Willard Street), as widened and altered at the junction of Pierce Street, by the Selectmen, and to appropriate $275 for land damages, and that the cost for improving the same be taken out of the General Highway Appropriation.

ARTICLE 58. To see if the Town will vote to accept Briarfield Road, running from Brook Road to Eliot Street, as laid out by the Selectmen, as a Town Way.

Voted, To accept Briarfield Road, running from Brook Road to Eliot Street, as laid out by the Selectmen, as a Town Way.

ARTICLE 59. To see if the Town will vote to instruct the Moderator to appoint a committee to further develop the plans for a Permanent Memorial for the Milton Soldiers and Sailors who served in the World War, and appropriate money for the purposes of said committee.

Voted, That a committee of seven (7) citizens be appointed by the Moderator to further study and develop plans for a Permanent Memorial for the Milton Soldiers and Sailors who served in the World War, and report their Recommendations, in print, not later than March 1, 1921, and to appropriate $1,000 for the purposes of said committee.

Committee appointed: George Wigglesworth, Alexander H. Forbes, Frederick A. Gaskins, W. Newton Harlow, Frederick H. Keep, Dr. Walter A. Lane, Samuel H. Wolcott.

ARTICLE 60. To see what sum of money the Town will vote to appropriate for the support of the Blue Hill Street Railway Company for the present year.

Voted, That the subject matter of this Article be referred to a Special Committee of five (5) citizens (to be appointed by the Moderator) for further investigation and report. Said Committee shall study also the general Street Railway situation in Milton with special reference to the request of the Eastern Massachusetts Street Railway Company in their letter to the Board of Selectmen, dated March 5, 1920, and report their findings and recommendations to the Town at a special meeting called for the purpose. Such expenses as it may be necessary for the Committee to incur shall be paid from the Miscellaneous Account.

Committee appointed: Arthur H. Weed, Maurice A. Duffy, James S. Gallagher, Philip M. Reynolds, Marcy L. Sperry.

ARTICLE 61. To see if the Town will vote to accept the provisions of Chapter 186, of the Acts of 1907, relative to the payment of pensions to widows or children of members of Police and Fire Departments in Towns.

Voted, To accept the provisions of Chapter 186, of the Acts of 1907, relative to the payment of pensions to widows or children of members of Police and Fire Departments in Towns.

And you are directed to warn said inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post offices of said Town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton the eighteenth day of February, nineteen hundred and twenty.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

MILTON, March 6, 1920.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

March 13, 1920, at 4 o'clock P.M., *Voted,* That the meeting be dissolved.

The foregoing meeting was opened March 6, 1920, at 5.45 A.M., by the Town Clerk (who proceeded to read the Warrant); upon conclusion of the reading of the second Article it was moved that further reading of the Warrant be dispensed with. Said motion being put was unanimously carried and the further reading of the Warrant (except the concluding paragraphs) was dispensed with.

The total number of ballots cast at the aforesaid meeting was 1,183, of which 208 were cast by women voters for School Committee.

A true record.

Attest:

G. FRANK KEMP,
Town Clerk.

PRESIDENTIAL PRIMARY

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, who are qualified to vote in Primaries, to meet in the Town Hall in said Milton, Tuesday, the twenty-seventh day of April, 1920, at four o'clock, P.M., for the following purposes: To bring in their votes to the Primary Officers for the election of candidates of political parties for the following offices: Four Delegates at Large to the National Convention of the Republican Party; Four Alternate Delegates at Large to the National Convention of the Republican Party; Four Delegates at Large to the National Convention of the Democratic Party; Four Alternate Delegates at Large to the National Convention of the Democratic Party; Two District Delegates to the National Convention of the Republican Party, Fourteenth Congressional District; Two Alternate District Delegates to the National Convention of the Republican Party, Fourteenth Congressional District; Two District Delegates to the National Convention of the Democratic Party, Fourteenth Congressional District; Two Alternate Delegates to the National Convention of the Democractic Party, Fourteenth Congressional District.

All the above candidates are to be voted upon one ballot. The polls will be open from four o'clock, P.M., to nine o'clock, P.M. And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said Milton at least fourteen days before the date of said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton this ninth day of April, nineteen hundred and twenty.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

MILTON, April 27, 1920.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

At a Primary Meeting of the inhabitants of the Town of Milton, legally called and held upon April 27, 1920, the following number of votes were given in for the several persons hereinafter named for the respective offices specified.

REPUBLICAN

Bannin, Joseph Foley, Prescott Skinner, Clyde L. Whittier, Clarence L. Dutton, J. Arthur Spencer, Henry F. Brierly, George Kelly, William H. Hooper, Will F. Lawrence, William H. McGee, Albert Wood.

All of the above-named Ballot Clerks and Tellers being sworn by the Town Clerk before entering upon their duties.

At 9 o'clock P.M., *Voted*, To close the polls.

At 9.55 o'clock P.M., *Voted*, That the meeting be dissolved.

A true record.

Attest:

G. Frank Kemp,
Town Clerk.

Number of ballots cast: Republican, 564; Democratic, 9; Total, 573.

SPECIAL MAY MEETING

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon Monday, the third day of May next, at eight o'clock in the evening, then and there to act upon the following Articles:

ARTICLE 1. To see what additional sum of money the Town will vote to appropriate for the Printing Department the present year.

Voted, To appropriate the additional sum of $800 for the Printing Department the present year.

ARTICLE 2. To see if the Town will vote to accept the provisions of Sections 221 to 225 inclusive, of Chapter 835 of the Acts of 1913, pertaining to precinct voting in towns.

Voted, That the subject matter of this article be referred to the Committee on Town Government.

ARTICLE 3. To see if the Town will vote to accept the provisions of Chapter 240 of the Acts of 1920, entitled "An Act to permit, under public regulation and control, certain sports and games on the Lord's day."

Voted, To accept the provisions of Chapter 240 of the Acts of 1920, entitled "An Act to permit, under public regulation and control, certain sports and games on the Lord's day."

ARTICLE 4. To see what sum of money the Town will vote to appropriate for the payment of pension, under the provisions of Chapter 186 of the Acts of 1907, to Flora H. Trull, widow of Henry A. Trull, who died in the service of the Milton Fire Department, for the present year.

Voted, To appropriate $225 to cover nine months from April 1, to December 31, 1920, for the payment of pension, under the provisions of Chapter 186 of the Acts of 1907, to Flora H. Trull, widow of Henry A. Trull, who died in the service of the Milton Fire Department, for the present year.

ARTICLE 5. To see what sum of money the Town will vote to appropriate under the provisions of Chapter 327 of the Acts of 1904, for the retiring and placing upon the pension roll the name of Henry A. Patterson of the Milton Police Department, for the present year.

Voted, To appropriate $600 to cover the eight months from May 1 to December 31, 1920, under the provisions of Chapter 327 of the Acts of 1904, for the retiring and placing upon the pension roll the name of Henry A. Patterson of the Milton Police Department, for the present year.

ARTICLE 6. To hear the report of the special committee appointed (as the result of action taken at the last annual Town Meeting) to study the general street railway situation in Milton; and to take action on such report.

Voted, That the report of the Committee be accepted and placed on file, and that, if the Town shall vote to authorize an agreement between the Town and the Eastern Massachusetts Street Railway Company, the Moderator be and he hereby is authorized to appoint a committee not exceeding three in number to represent the interests of the Town in connection with such agreement, said committee to report with recommendations not later than the next annual Town Meeting.

Committee appointed: Maurice A. Duffy, Lincoln Bryant, Marcy L. Sperry.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate in order to maintain or aid in the maintenance of service on the lines of the Eastern Massachusetts Street Railway Company running to East Milton and to Dorchester Lower Mills, or any part or parts of any of them.

Voted, That the Selectmen be and they hereby are authorized, in the name and behalf of the Town, pursuant to the authority granted by Chapter 188 of the Special Acts of 1918 and Acts in amendment thereof and in addition thereto, and for the purpose of avoiding a reduction, or discontinuance of service in the branch lines of the Eastern Massachusetts Street Railway Company running within the Town to Milton Lower Mills and East Milton, to enter into an agreement with the Trustees of said Railway Company to pay a part or all of any excess of the cost of the service, as defined in Section 14 of said Act, on said branch lines above the amount of the receipts of such branch lines, during the period commencing April 1, 1920, and ending March 31, 1921, the amount to be paid by the Town in no event to exceed the sum of ten thousand (10,000) dollars; and to authorize the Selectmen to insert in such agreement, such provisions as they in their discretion may deem necessary or convenient in the premises and as may be accepted by said Trustees; and to raise and appropriate the sum of ten thousand (10,000) dollars for the above purpose.

(Result of the ballot: Yes, 93; No, 24.)

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate to maintain or aid in the maintenance of service on the Blue Hill Street Railway Company or any part thereof or otherwise provide means of transportation to the Brush Hill or Blue Hill Districts of the Town.

Voted, That the Moderator be and he hereby is authorized to appoint a committee, not exceeding five in number to continue the investigations and negotiations with respect to the resumption of service on the line of the Blue Hill Street Railway Company, said committee to make its report together with recommendations not later than the next annual Town Meeting.

Committee appointed: Arthur H. Weed, Maurice A. Duffy, James S. Gallagher, Philip M. Reynolds, Marcy L. Sperry.

ARTICLE 9. To consider and act upon the question of procuring or aiding the establishment and maintenance of some proper and reasonable facilities for public transportation in the Town, or some part or parts of the Town; and to see what sum of money, if any, the Town will vote to raise and appropriate for any such purpose.

Voted, That the subject matter of this article be referred to the committee provided for under Article 8.

ARTICLE 10. To see what additional sum of money the Town will vote to appropriate to be expended by the Local Superintendent for the suppression of the gypsy and brown-tail moths the present year.

Voted, To appropriate $1,400 to be used for the purchase of lead.

And you are directed to warn the inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each post office of said Town, fourteen days at least before said meeting, and leaving printed copies hereof at the dwelling-houses in said Town, at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands this 16th day of April, nineteen hundred and twenty.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

Milton, May 3, 1920.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

The foregoing meeting was opened by the Moderator at eight o'clock P.M.
At ten o'clock and fifteen minutes, *Voted* to adjourn.
A true record.

Attest:

G. FRANK KEMP,
Town Clerk.

SEPTEMBER PRIMARY

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of Milton qualified to vote at elections to meet in the Town Hall in said Milton, on Tuesday, the seventh day of September, 1920, at four o'clock in the afternoon, for the following purposes: then and there to bring in their ballots to the Primary Officers for the nomination of candidates of political parties for the following offices: Governor, Lieutenant-Governor, Secretary, Treasurer and Receiver-General, Auditor, Attorney-General, all for this Commonwealth; Congressman for the Fourteenth Congressional District, Councillor for the Second Councillor District, Senator for the Norfolk Senatorial District, Representative in the General Court for the Fourth Norfolk District, Two County Commissioners for the County of Norfolk, Sheriff for the County of Norfolk; and for the Election of the following officers: District Member of the State Committee for each political party for the Norfolk Senatorial District; Members of the Democratic Town Committee; Members of the Republican Town Committee; Delegates to the State Convention of both political parties.

All the above candidates and officers are to be voted for upon one ballot.

The polls may be closed at nine o'clock P.M.

And you are directed to warn the inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said Milton at least fourteen days before the date of said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this sixth day of August, nineteen hundred and twenty.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

A true record.

Attest:

G. FRANK KEMP,
Town Clerk.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, SS.

MILTON, September 11, 1920.

At a meeting called and held at the Town Hall in said Milton on the above date, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the Primary, held upon September 7, 1920, for County Commissioners for Norfolk County, having been petitioned for by ten voters), said recount was held upon the above date with results as follows:

FREDERICK L. FISHER, three hundred and eight votes.
HARRISON C. HUMPHREY, two hundred and forty-three votes.
JOHN F. MERRILL, two hundred and seventy-four votes.
EVAN F. RICHARDSON, two hundred and eighteen votes.
BLANKS, two hundred and twenty-one.

All the above votes after being counted were again sealed up and delivered to the Town Clerk.

Signed:

PATRICK F. MAHONEY,
JOSEPH A. REIN,
FRANK L. RICHARDS,
G. FRANK KEMP,
Registrars of Voters.

NOVEMBER MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Milton qualified to vote at elections, to meet in the Town Hall in said Milton on Tuesday, the second day of November next, it being the Tuesday after the first Monday in said November, at five forty-five o'clock in the forenoon, then and there to bring in their ballots for Sixteen electors for President and Vice-President, Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all of this Commonwealth; Congressman for the Fourteenth Congressional District; Councillor for the Second District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Fourth Norfolk District; Two County Commissioners for the County of Norfolk; also to see if the Town will vote on the acceptance of the following questions:

Acceptance of Act entitled "An Act to regulate the manufacture and sale of beer, cider and light wines."

Acceptance of Chapter 166, Acts of 1920, entitled "An Act to provide for one day off in every eight days for certain police officers."

All to be voted for on one ballot.

The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place for the purposes herein mentioned, by posting attested copies of this warrant in each of the post offices of said Milton at least fourteen days before the date of said meeting and leaving printed copies hereof at the dwelling-houses in said Milton at least four days before said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this fifteenth day of October, nineteen hundred and twenty.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

MILTON, November 2, 1920.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

MILTON, January 14, 1921.

To the Citizens of Milton:—

We respectfully submit the following report for the year ending December 31, 1920.

The Bonded debt of the Town is as follows:—

Outstanding January 1, 1920	$400,000 00
Paid during 1920	38,500 00
Outstanding January 1, 1921	$361,500 00

Cash on hand January 5, 1921, $36,913.61. Of this amount there is a levy of $5,246.36 due May 1, 1921 for the maintenance of the Norfolk County Hospital for Tuberculosis, which should be deducted from $36,913.31, leaving a balance of $31,666.95.

Public Library	$5,000 00
Water	120,000 00
Sewer Loan of 1913	5,000 00
Sewer Loan of 1915	10,000 00
School House Loan of 1909	45,000 00
High School Loan of 1916	135,000 00
High School Loan of 1917	23,000 00
Norfolk County Tuberculosis Hospital	18,500 00
	$361,500 00

The William B. Weston Bequest

The $6,000 Hospital Fund left with the Massachusetts Hospital Life Insurance Company now amounts to $7,546.64 as of January 1, 1921. The $15,000 Poor Fund left with Francis C. Welch, Trustee, is held in the Weston Estate, of which the Boston Safe Deposit and Trust Company are Trustees. No principal or interest has accrued as yet.

Highway Department

This Department was under the same supervision as the previous year, Edward A. McCue being reappointed Superintendent.

We again had the assistance of Robert H. Hallowell and Sidney A. Parsons in planning the permanent construction work. This appropriation was increased to $30,000. A considerable amount of new construction work was accomplished in view of the fact that the cost of material and labor had advanced.

Superintendent McCue's report will give this in full and we trust it will be satisfactory.

Appointments

The Board feels it has made two excellent appointments as Fire Engineers in Francis Eliot Cabot and Ernest C. Soulis, to assist Chief J. Harry Holmes in working out the destinies of the Fire Department.

Ralph S. Carpenter, Moth Superintendent was compelled to resign June 30 on account of business.

The Board was fortunate in securing the services of Ralph E. Forbes to fill this vacancy. We consider him a valuable appointment and we hope he will continue to favor the Town with his advice and knowledge for this important work.

Hall and Lot

On account of the increased cost of fuel and light and the continued unlimited calls for the use of the Hall the appropriation has been slightly increased. There are at present several improvements required in the building, but present conditions do not warrant the Board in asking for a larger appropriation.

Tax Rate

The Town experienced the highest tax rate in its history. The large appropriations in every department caused by living expenses was one of the reasons, but principally the loss of the Income Tax was responsible for the greater part of this increase. Let us hope by practicing economy and watchfulness in our appropriations the tax rate will be reduced the coming year.

In General

In closing the Books for the year 1920, the Treasurer's Books showed the largest cash balance for a number of years. This is very gratifying. The activity of our Tax Collector was one of the contributing causes for this.

In view of the increased voting the Board is anxious in regard to taking care of its citizen voters at the coming March Appropriation Meeting, and is giving considerable thought to this fact.

On account of the numerous applications for aid by the Soldiers and Sailors of the World War, we would recommend establishing a Military Aid Fund under Chapter 290, Acts of 1919.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,
Selectmen of Milton.

REPORT OF THE ASSESSORS OF TAXES FOR THE YEAR 1920

MILTON, MASS., January 1, 1921.

To the Citizens of the Town of Milton, Massachusetts:

The Assessors of Taxes of the Town of Milton herewith submit their Annual Report for the year 1920.

At the annual Town Meeting for the election of town officers Mr. Charles H. Horne was re-elected to this Board for the three-year term.

In March the Board organized as follows: W. W. Churchill, Chairman; Charles H. Horne, Secretary; Wallace C. Tucker was reappointed Clerk.

For the first time in the history of this Board we have had a permanent Clerk, the office being open daily, and it has been a source of satisfaction to feel that we have been able to install some one there to answer questions and attend to other details too numerous to mention.

During January, February and March routine business was attended to. On April 1 the Assessors started and during that month finished the list of Poll Tax payers. In May and June the Assessors made a thorough tour of the town, carefully looking over all buildings, land, etc., and did most of the assessing of this class of property on the street. We also carried out our intention of adding an average of 20 per cent to the valuation of the houses.

A very serious delay in the calculation of the tax rate was caused by delay in the commitment to us by the State Treasurer's office of our share of the Metropolitan Park taxes. We finally had to assume that this item would show the average increase of the past few years and estimated it accordingly, and calculated the rate and declared it to be $21.60 per $1,000, an increase of $5.50 per $1,000 over last year; the increase was due to larger Town appropriations and State taxes, and the Assessors take this occasion to say that we cannot materially increase our valuations again this year and, unless the Town retrenches on its expenditures, the rate will again go up; our share of the State Income Tax is constantly decreasing and will so continue until it is eventually wiped out; the receipts then must come entirely out of the Real Estate.

During the rest of the year our attention was taken up with abatement hearings, attending Registrars of Voters Meetings and such other business as presented itself.

A perusal of the documents on file at the State Tax Commissioner's office of the lists of shareholders of National Banks and Public Service Corporations shows that a considerable number of our tax-paying citizens had turned in to these banks or public service corporations some other address than that of Milton. This means a distinct loss of dollars and cents to the Town. We recovered of this tax over $1,000 which should come to Milton, but was credited to Boston, Quincy, and other places according to the address given; we filed claims for these items, most of them have been allowed, but some we have got to fight for; this would be unnecessary if the people here who own such stock would give to the banks or public service corporations the address of their legal domicile.

This year for the first time poll tax was $5.00, and we are pleased to note that they have all been cleaned up.

The population of the Town for 1920 is 9,985. Other statistics are as follows:

Total number of dogs	490
Total number of horses	290
Total number of cows	456
Total number of sheep	50
Total number of swine	75
Total number of fowls	1,980
Total value of fowls	$1,980
Number of people liable to military duty	1,570
Total number of dwelling houses	2,032
Total number of acres assessed	6,218.4
The Town received in bank and corporation taxes	$34,993 58
The Town received in distribution of State Income Tax	204,637 83
The Town received in public school distribution	13,218 50

TAXES ASSESSED IN THE TOWN OF MILTON FOR YEAR 1920

Valuation of personal estate, including resident bank stock	$2,539,190 00	
Valuation of real estate including buildings	18,754,135 00	
Total valuation		$21,293,325 00
Tax rate, $21.60 per thousand; total tax		459,935 82
Town tax, Town audit, Town bonds, less assets	$327,034 44	
State tax and Veterans' Gratuity tax	55,414 80	
Metropolitan District Fire Prevention tax	182 64	
South Metropolitan sewer tax	18,537 12	
Metropolitan Park and State Highway taxes	20,045 69	
Charles River Basin tax	2,587 02	
County tax	24,131 61	
Norfolk County hospital maintenance tax	5,246 36	
Eastern Massachusetts Street Railway tax	262 42	
Overlay	6,493 72	
		$459,935 82

Additional Taxes

2,281 poll taxes, at $5.00	$11,405 00	
Local Town sewer tax	504 19	
Gypsy Moth tax	882 95	
Sidewalk assessments	71 46	
Non-resident bank tax	3,035 34	
Additional tax, December levy	587 52	
42 additional poll taxes, at $5.00	210 00	
		16,696 46
Grand total		$476,632 28

Overlay, 1920

After the calculation of the tax rate of 1920 the Assessors received notice from the State Treasurer's office that the amounts of the Charles River Basin and Metropolitan Park taxes were $8,275.52 less than we figured on, consequently $8,275.52 has been added to the original amount of the overlay, so that the amount of the overlay was on October 1, $14,769.24, and the Town Treasurer has been so notified.

Statement of Overlay Accounts

1913 Overlay, Balance December 31, 1920	$7,046 83
1914 Overlay, Balance December 31, 1920	5,704 83
1915 Overlay, Balance December 31, 1920	9,733 81
1916 Overlay, Balance December 31, 1920	5,030 17
1917 Overlay, Balance December 31, 1920	721 84
1918 Overlay, Balance December 31, 1920	2,011 65
1919 Overlay, Balance December 31, 1920, Overdraft	1,123 43
1920 Overlay, Balance December 31, 1920	11,734 75

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Assessors of Taxes for the Town of Milton.

REPORT OF BIRD WARDEN

MILTON, MASS., January 1, 1921.

To the Citizens of the Town of Milton:

I beg to submit to you my report as Bird Warden for the year 1920.

There was no appropriation and there are no accounts to be submitted.

I regret to report that the severe winter of 1920 appears to have been a definite setback again to the bird life in Milton, similar to that which occurred two years previous, and I believe that there has been in consequence a noticeable reduction in the Spring, Autumn and Winter birds. The absence of birds in the Autumn months during the past year was very noticeable, the fields, shrubbery, swamps and brush tangles being sometimes almost wholly devoid of the usual bird life to be found at this season

The clearing away of many natural shelters by the Moth Department, made necessary for the fight against the moth pests, has a marked tendency to drive away many species of the Summer birds which we formerly had in the town. It is probably necessary for the preservation of many of our beautiful shade trees that this work should be done, as no species of bird conducts any adequate fight against this serious moth pest.

The European Starling is apparently increasing in the town, and in the localities in Connecticut where they have become numerous they have done great damage to orchards in a very brief space of time. I recommend the destruction of these birds as far as possible, now that the State protection on them has been removed.

The English Sparrow which is also considered a pest, although I have frequently seen it conducting a good fight against the canker worm, is about holding its own within the town, or perhaps increasing slightly since the concerted effort of a number of citizens some years ago to diminish this species has been abandoned. I recommend the further destruction of these Sparrows.

I believe that the more satisfactory way of trying to assist the birds during the hard winter months is by private effort rather than by attempting to have the town employ workers for that purpose,—as there are many citizens who like to do this as an amusement and interest.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF THE MILTON CEMETERY

MILTON, MASS., December 31, 1920.

To the Citizens of Milton:

The Trustees make the following report for the year 1920:

During the year 1920 there were 126 interments, of which 67 were of non-residents; 31 lots were taken by citizens; 2 lots were sold to non-residents, and 1 lot owned by a non-resident was added to; 42 new lots were put in order and 21 lots were put under perpetual care.

Sale of Lots to Non-Residents

Applications for lots from non-residents are increasing. The Town By-Laws, Section 3, provide that "the Trustees, when in their judgment it shall be deemed advisable, may sell lots at not less than fifty cents a square foot, but only to those who are in some way connected with Milton people."

It appears to the Trustees that unless the Town purchases more land for the cemetery, the land available for lots will be exhausted in about twenty years.

Our cemetery is a town institution for the benefit of residents of Milton and is largely supported by town appropriations.

Considering these facts and that for a number of years more than half the bodies interred each year are those of non-residents, the Trustees have passed the following vote:—

> "VOTED: That when applications of non-residents are granted, they be charged two dollars ($2) a square foot for lots, and that they be required to place their lots under perpetual care."

The Trustees are also restricting sales made to non-residents to those who have a direct blood relationship with Milton people.

New Soldiers' Lot

The Trustees have had prepared a new Lot on high ground, well located. With the concurrence of Nathaniel S. Barry, Commander of the Milton Post of the Grand Army, Walter A. Lane, Commander of the Milton Post of the American Legion, and Frank L. Richards of the Roger Wolcott Camp of Spanish War Veterans, the bodies of five soldiers are to be removed from the old lot to the new next spring.

The new lot is large enough to serve its purpose for many years. Burial therein is restricted to persons who have been soldiers or sailors in the Army or Navy of the United States or of her Allies.

Fire-Proof Vault and Waiting Room

A fireproof vault for records and a waiting room for persons coming to the cemetery, particularly those coming from a distance, are pressing needs.

The Trustees are considering plans for placing both at the rear of the house occupied by the Superintendent.

We record with feeling of great personal loss the death of J. Frank Pope on May 30, 1920, a Trustee and Secretary and Treasurer of the Cemetery since 1907. His kindliness and thoughtfulness for others made him a most helpful member of the Board.

The Town's appropriation in 1920 was $10,000.

For 1921 we respectfully ask for $7,500.00

His
SAMUEL × GANNETT, by M. W. G.
Mark
THOMAS K. CUMMINGS,
PERCY E. SHELDON,
ELLERTON P. WHITNEY,
REGINALD L. ROBBINS,
Trustees of Cemetery.
THOMAS W. POND,
Superintendent of Cemetery.

REPORT OF THE ENGINEERS

MILTON, MASS., January 10, 1921.

To the Honorable Board of Selectmen:

GENTLEMEN: The Board of Fire Engineers respectfully submits the following report for the year ending December 31, 1920.

There have been 140 alarms, 31 of which were bell alarms; 8 calls to Boston, 1 call to Canton. Boston has responded to 7 alarms in Milton.

The property at risk was $247,250.00; total loss, $23.969.83; insurance paid, $22,363.33; net loss, $1,606.50; per capita loss, $2.43.

The Department has laid 5500 feet of hose, raised 714 feet of ladder, used 1459½ gallons of chemical and travelled 649.8 miles.

Permits have been issued as follows:

Out of door fires, 589; inflammable fluids, 30; explosive, 9; fireworks, 2.

The present Board of Engineers on assuming office on May 6, 1920, found all apparatus in good condition and the morale of the Department very good.

Capt. James F. Hanna was appointed drillmaster, and drills were held frequently all summer, so that both permanent and call men received a good schooling in the handling of the apparatus and all the appliances.

The pulmotor and hose authorized by the last Town Meeting were purchased early in April.

Owing to the very severe weather of February and March, the Department was obliged to put up the motor apparatus and use horses and pungs for about six weeks, which incurred an additional expense of $2,641.16, that was paid from the Contingent Fund. During all this period all the permanent men willingly gave up the two platoon system and remained on duty continuously. This act was of great value to the Town in that when an alarm was received the Department was assured of enough men immediately to handle the apparatus, as the call men were seriously handicapped in getting through the snow quickly. The Engineers feel that this act should not be passed by unnoticed and that the citizens should feel that the Department is composed of men who are willing at all times to give their full duty to the Town.

It is with regret that we record the death of Henry A. Trull, who dropped dead while stepping from the apparatus after responding to an alarm from box 69 on March 28. At the time of his death Mr. Trull was the oldest permanent man in point of service, having been appointed in 1891 as engineer for the steam fire engine. He served faithfully in that position until the motor pumping engine replaced the steamer, when he became the driver of that piece of apparatus. In his death the Town and Department have lost a valuable and efficient citizen and public servant.

One new permanent man has been appointed during the past year, and one call man released. Hose House No. 2 has been repainted inside and other necessary repairs made.

Six large rubber covers have been purchased and placed in service which will be used to protect furniture, etc., from water and smoke damage.

We have studied with great care the question of the proper maintenance of the fire alarm system.

The transmitting apparatus is all located in the headquarters building, and being 30 years old is of a type not now considered satisfactory, besides being seriously worn.

This apparatus should be housed in a small compartment of entirely non-combustible material; and such a compartment, with the new apparatus of the proper type and the necessary circuit changes, will probably cost at least fifteen thousand dollars.

This money need not all be spent in one year; and we therefore, recommend that proper funds be provided either by the issuance of bonds or by separate bills, over several years, so that this work may be started within the next six months.

In certain sections of the Town large tracts of land have been built upon and to provide the residents of these sections with proper fire alarm service we have recommended to the Inspector of Wires that he ask the Town to supply him with funds for the erection of additional fire alarm boxes.

In keeping with the plan started last year to replace all worn-out hose, we recommend that five hundred feet of new hose be purchased this year.

We further recommend that the sum of $200.00 be given us to be used in painting the fire stations where most needed.

The Department has been favored with the free use of a smoke mask during the past year. When used it has demonstrated its usefulness very thoroughly. The Board has looked into the matter quite extensively and feels that it should recommend that the sum of $250.00 be appropriated to purchase four masks of the type soon to be installed by the City of Boston. These masks are being made on specifications drawn up by experts and are said to be the best and most efficient of any in use today.

Respectfully submitted,

J. Harry Holmes, *Chief*
Ernest C. Soulis, *Clerk*
F. Eliot Cabot,
Board of Engineers.

Note:

The Board of Engineers would like to call to the attention of the citizens of the Town, particularly the Police and Doctors, that there is, at the Central Fire Station, a pulmotor which is ready for service at all times and will be taken anywhere in the Town upon receipt of a telephone call. This machine is the most valuable life-saving appliance in existence and is of untold value in cases of drowning, suffocation, asphyxiation, child-birth, etc. We wish everyone would bear this machine in mind and whenever they feel there is a use for it, that they would notify the Fire Headquarters in order that the machine may be used as quickly as possible and life saved if it is possible to do so.

REPORT OF FORESTRY DEPARTMENT

TREE WARDEN DEPARTMENT

MILTON, January 1, 1921.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Tree Warden Department of this Town for the past year.

Trimming

This work consists of the necessary trimming of street trees throughout the town to insure the safety of public travel. It also provides for the care of small trees newly planted, which require attention several times a year, such as changing guards, pruning and repairing when damaged by traffic.

Planting

During the past year we have planted 97 trees besides taking care of those previously planted. We hope to be able to plant 100 the coming year; we find it necessary to cut down on an average about 30 trees each year.

Insects

The elm leaf beetle and the leaf roller are two of the insects that come under the jurisdiction of the Tree Warden.

The elm leaf beetle seems to be about the same from year to year, and requires about one week of spraying. The leaf roller, while not as bad as last year, still requires considerable attention. There is another pest known as the elm leaf minor which only feeds on the inside of the leaf, leaving the leaf a network of veins. It is desirable that the Tree Warden be notified if found on private property.

Plans for Next Year

We plan to do more trimming of street trees. We plan to continue our planting, and should also continue the trimming of trees in the cemetery.

APPENDIX A

Trees planted:	
Norway maples	88
Lindens	3
Oaks	4
Ash	2
Total	97
Trees removed	27

APPENDIX B

Appropriation		$4,300 00
Private receipts		1,266 95
Total receipts		$5,566 95
Cost of tree trimming and spraying	$4,227 95	
Cost of removing dead trees	535 94	
Cost of tree planting	485 00	
Trimming in cemetery	308 30	
		$5,557 19
Amount reverting to Town treasury		9 76
Total disbursements		$5,566 95

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

MOTH DEPARTMENT

MILTON, January 1, 1921.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Moth Department of this Town for the past year.

Suppression Work

The long continued cold and snow of last winter made it impossible for us to do any creosoting of egg clusters until early spring. We covered the Town, however, although not as thoroughly as we would have liked.

The spraying season also was unfavorable, being late and wet. This, of course, means loss of time and makes it difficult to get into the woods and fields with our sprayers, and also makes it necessary to do over part of the work on account of washing off the poison by the rain.

We have done considerable brushing on waste land the past season. This work is desirable as we have very poor results from spraying where the undergrowth is thick.

We find the Town in fair condition considering the bad weather during the winter and the lateness of the spraying season.

The brown tail moth seems to be taken care of by a natural enemy at the present time, although they have been quite plentiful in some of the towns the past season. They are now apparently very scarce in this Town. The tent caterpillar was also very scarce last year, but we regret to report that the gypsy moth has evidently not decreased.

Labor

We advanced the pay during the year from $4.00 to $4.25 per day. This seemed necessary under the extraordinary conditions and was provided for at the last Town meeting.

Equipment

We purchased this year one 2½-ton Packard truck (second hand), and had sprayer attached. This is similar in make to the other trucks we own and has made it possible for us to do away with horses entirely, as this truck replaced our last horse-drawn machine.

On account of the lack of funds available in the Moth Department, considerable work in creosoting, which should have been done during the month of November and December, had to be omitted. If it had been possible to do this work a much more thorough fight against the gypsy moth could have been attained.

Plans for Next Year

We believe it is desirable to do the usual amount of creosoting and spraying during the coming year and also some further brush clearing in selected places.

APPENDIX A

Inventory of Property of Moth and Tree Warden Department

3 Packard trucks with sprayer bodies	$7,500 00

Cost of creosoting	5,896 45	
Cost of woodland work	2,150 48	
		$18,620 52
Repairs to equipment	$1,777 62	
New equipment	1,400 00	
Stock on hand	432 50	
		3,610 12
Amount reverting to Town treasury		105 36
		$22,336 00

Respectfully submitted,

RALPH E. FORBES,
Superintendent.

REPORT OF THE BOARD OF HEALTH

MILTON, January 1, 1921.

To the Citizens of Milton:

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1920	1919	1918
Chicken Pox	28	54	32
Cerebro-spinal Meningitis	0	0	2
Diphtheria	5	4	15
German Measles	16	1	68
Lobar Pneumonia	6	1	14
Measles	251	58	65
Mumps	17	5	74
Scarlet Fever	33	13	15
Suppurative Conjunctivitis	1	1	1
Tuberculosis (Pulmonary)	12	12	13
Tuberculosis (all other forms)	0	3	2
Typhoid Fever	0	2	4
Whooping Cough	62	2	56
Anterior Poliomyelitis	6	0	0
Small Pox	0	0	1
Influenza	152	148	388

The whole number of deaths recorded in 1920 is 128 (male 62, female 66), giving a death rate of 12.81 per thousand inhabitants.

MILTON, January 12, 1921.

To the Citizens of Milton:

The Board of Health has the honor of rendering the following report:

Organization of the Board was effected on March 18, 1920.

Regular meetings have been held throughout the year on the second Thursday of each month.

Dr. A. W. Draper was reappointed a paid agent of the Board for one year. He has done the work entailed conscientiously and satisfactorily as he has in the past.

Mr. Wallace C. Tucker acted as Milk Inspector until June, when he resigned. Mr. Peter Burns, formerly an instructor of chemistry at the Massachusetts Institute of Technology, carried on the work in a very careful and intelligent manner until October, when unfortunately his wife's health necessitated his leaving town. Mr. Sherman R. Ramsdell, teacher of chemistry at the High School, is ably filling the position in his absence. The question of improving milk in the town has been a difficult one: the compulsory tuberculin testing of cattle or pasteurization of milk would have diminished the already too scanty supply, and would have forced the price of milk to a prohibitive point. The problem was finally solved by publishing monthly the reports of the Milk Inspector. In this way the consumer knows what producer is most worthy of his patronage, which stimulates the former to keep ahead of his competitors. The experiment seems, to date, to have been highly successful—and its continuance is justified.

During the past very severe winter Milton was one of the few towns in which ashes and garbage were collected without interruption. Mr. Samuel Craig, who had the contract, is highly commended by the Board. The Board regrets, however,that his men could not have served an apprenticeship in a crockery store—had they, the mortality in barrels might have been less high.

Mr. James W. Eldridge was reappointed caretaker of the Detention Hospital which the Town has to support to conform to the state law. Despite the H. C. L. the building received a new coat.

Mr. Lorenzo E. Young was reappointed Inspector of Plumbing, and on the resignation of Mr. Wallace C. Tucker, Dr. A. W. Draper was appointed Inspector of Slaughtering. The permit for cleaning cesspools was given to Mr. A. B. Snow.

The Board made a tour of inspection of the town and found conditions on the whole improved over a year ago. Several dairies were not in satisfactory condition, and special notices were sent to the owners advising a cleaning up, which has been satisfactorily done.

The public dumps were found to be in good condition. The owners of the private dumps which were not well kept were advised to keep them leveled down and free from papers.

The Pine Tree Brook situation must be approached from several different angles owing to its complexity. There is no doubt that it should be cleaned up, but the Board of Health cannot do this without the co-operation of other departments of the Town. The process would involve the expenditure of a large sum, which the Town demonstrated it was unwilling to make. The Board of Health can only try to keep the drainage out and the edges cleaned up: this it has done.

Housing is better than it was a year ago.

At the beginning of the year there were ninety houses which by law should have been connected with a sewer but were not. At present that number has been cut to thirty. The delinquents will connect as soon as the weather permits.

In conclusion: realizing the tendency of the tax rate to rise of late, the Board of Health has been as economical as it could be consistently with getting necessaries accomplished. However, it looks forward to the time, in the near future it hopes, when the Town may have a new modern hospital and health centre, with a much needed up-to-date laboratory—in short a Health Department which other towns may wish to use as a model and on which Milton citizens may look with pride.

Respectfully submitted,

STEPHEN B. AMES,
PAUL R. WITHINGTON,
JACOB S. LINCOLN,
Board of Health of Milton.

COLLECTION OF ASHES AND GARBAGE

MILTON, January 15, 1920.

To the Board of Health:

I herewith submit my report for the year ending December 31, 1920.

There have been collected 187 truck loads and 1,463 double loads of ashes and 141 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG

A. B. SNOW, GENERAL CONTRACTOR

MILTON, January 14, 1921.

To the Board of Health:

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1920.

6 vaults cleaned.
39 cesspools cleaned.
57 loads removed from the same.

Respectfully yours,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF ANIMALS

MILTON, January 1, 1921.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my annual report for the year ending December 31, 1920. I have inspected during the year 76 stables and premises where cattle are kept and found all in good sanitary condition, meeting all requirements. I gave a physical examination to 653 cows, and found only 1 cow diseased, which was killed; 10 bulls, 56 swine, 57 sheep and 5 goats, all in good condition.

One dog infected with rabies was killed

Respectfully submitted,

JAMES SPENCER,
Inspector of Animals

REPORT OF THE INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1921.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my annual report for the year ending December 31, 1920.

There have been 166 applications made for buildings and permits issued for same. I have made 625 inspections.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT

Month	Permits for Wooden Buildings	Permits for Stone, Cement and Brick Buildings	Valuation per Application
January	4	1	$5,100 00

December	12	0	161,428 00
	143	23	$935,698 00

Making valuation as per Applications, Nine Hundred Thirty-five Thousand Six Hundred Ninety-eight dollars ($935,698.00).

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF INSPECTOR OF MILK

MILTON, December 31, 1920.

To the Board of Health:

GENTLEMEN:—I herewith submit the following report for the year ending December 31, 1920.

During the year ending December 31, 1920, there have been issued 31 licenses for the sale of milk and cream and 9 registrations for the sale of oleomargarine. Of the milk licenses 24 have been issued to residents and 7 to non-residents.

Milton, situated as it is adjacent to a large city, is supplied both with long distance pasteurized milk and milk produced in its own or nearby dairies. Since all milk which is both produced and sold in Milton is consumed in the raw state, it follows that the safeguarding of this part of the milk supply necessitates, from the standpoint of the public health, more frequent testing than in the case of that which is pasteurized. It should be added, however, that raw milk, consumed within twelve hours or less after production, is a more natural and probably a more satisfactory food than pasteurized mild produced at a considerable distance from the point of consumption. Accordingly, rather frequent bacteriological examinations of the raw milk from the local dairies have been made. It would seem that once a month is none too often for such examinations.

The milk offered for sale has been found, with few exceptions, to be of excellent quality, not only in its natural chemical composition, but also in its low bacterial content. Bacteria, except in comparatively small numbers, should be regarded as an avoidable adulteration.

Since milk forms an important part of the dietary of infants and certain invalids and offers, as no other food does, such opportunities for the introduction and rapid development of bacteria, which lower within a very short time the value of milk as a food owing to the changes therein produced, it would seem that the reduction of the bacterial content to the lowest possible extent is of first importance. To this end absolute exclusion, so far as it is practically possible, of all foreign matter from the sterilized receiver into which the milk is drawn, and immediate and rapid cooling are the main requisites for the production of a perfectly safe and satisfactory supply of milk.

The publication of the results of the milk testing is, I believe, on the whole beneficial. There is danger, however, that the reader may draw an incorrect conclusion as to the quality of the milk if he considers the result of but one test. A fair conclusion may be reached only if the average of a number of tests is used as a basis for comparison of milk from different sources.

The inspector takes this opportunity to express his appreciation of the courtesy and co-operation accorded him by all those concerned in the production and distribution of milk in Milton.

Respectfully submitted,

S. R. RAMSDELL,
Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, January 1, 1921.

To the Honorable Board of Health:

GENTLEMEN:—Herewith I beg to submit my annual report for the year ending December 31, 1920.

One Hundred Thirty-seven (137) permits to perform plumbing have been issued from this office.

Approximate valuation of the work to be performed under these permits, as specified in applications, is Eighty-one Thousand Four Hundred Ninety-two dollars ($81,492.00).

Inspections of Fifty-one (51) buildings have been made, by your orders, preliminary to connections with the Town sewers.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF THE INSPECTOR OF SLAUGHTERING

MILTON, January 1, 1921.

To the Board of Health:

GENTLEMEN: As Inspector of Slaughtering, I report that for the year ending December 31, 1920, there were no animals to be examined for slaughter.

Respectfully submitted,

A. W. DRAPER, M. D. V.,
Inspector.

REPORT OF THE INSPECTOR OF WIRES

MILTON, MASS., January 14, 1921.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith present the report of the Department of Wires for the year ending December 31, 1920.

This department has supervision of the Fire Alarm and Police Signal Systems, also inspection of all buildings equipped with electric light service and all poles and wires on Town streets.

INTERIOR WIRING

	1919	1920
Certificates issued for light and power	197	238
Number of inspections	582	558
Number of incandescent lights wired for	3,176	3,303
Number of motors installed	13	23
Total horse-power	24	32
Number of electric heaters and ranges	27	31
Total watts	79,350	154,985

OVERHEAD AND UNDERGROUND CONSTRUCTION

During the past year the Wire Department has been able to improve the conditions of the overhead wiring of the Fire and Police Signal Systems by the rebuilding of the pole lines on Huntington Road, Blue Hill Terrace and part of Brush Hill Road. The Town wires are now located below the high tension wires. This puts the line construction on these streets in a first class condition.

On Hillside Street between the Park line and Park Police Station, have replaced old iron wire with one mile of new covered iron wire.

A traffic gong has been installed in East Milton square, also one at corner of Canton Avenue and Reedsdale Road.

A new Fire Alarm Box, No. 37, has been placed on pole, corner of Canton Avenue and Reedsdale Road.

Fire Alarm Boxes No. 315, 53, 512 are replaced by new boxes of the latest type.

The Bay State Street Railway have closed their Power Station at Hyde Park and are now feeding lines from Quincy. By making this change they have been able to remove the feed wires on Canton Avenue and Bradlee Road.

As was recommended last year I also recommend this year that Town wires on Blue Hill Avenue, between Brush Hill Road and Columbia Street, be placed underground.

For the maintenance of Wire Department and installing wires underground I recommend an appropriation of Sixty-five hundred dollars ($6,500.00).

Respectfully submitted,

E. E. CHOATE,
Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS

MILTON, MASS., December 31, 1920.

To the Citizens of the Town of Milton:

Owing to the fact that the track and turf at the Town field were in excellent condition at the beginning of the season, we are pleased to report that we have been able to turn into the Town treasury an unexpended balance of $520.12 from our appropriation of $3,050.

The playground activities were directed by Mr. H. W. Anderson, assisted by Miss Dorothy Dudley and Miss Mildred Mellen. The attendance was unusually good, and continued throughout the season. On account of rain and damp grounds the Field Day at the end of the season had to be given up. The tennis courts were continually in use. As they have not been resurfaced since 1917, we have included the cost of a new top in our estimated appropriation for 1921.

The float at the town landing was in a dangerous condition, and had to be repaired. The cost of the lumber was paid for out of our appropriation, and the work was done by members of the Milton Yacht Club without expense to the Town.

The Brush Hill Road grounds were again used for home gardens.

We have requested an appropriation of $3,400 for 1921 for general purposes.

Respectfully submitted,

J. SUMNER DRAPER,
MALCOLM DONALD,
BERNARD W. TRAFFORD,
Park Commissioners of the Town of Milton.

REPORT OF PLAYGROUND ACTIVITIES

Season 1920

To the Park Commissioners, Milton, Massachusetts:

GENTLEMEN: — The season for supervised play opened this year June 23 with the grounds in fine condition. The tennis courts and base ball diamond especially revealed the results of considerable care and labor. Besides being a great asset in beautifying the field, the thick covering of grass has its hygienic value in keeping the dust from blowing, and in affording a nice, clean place for the children to play. All the apparatus had been carefully gone over and new parts put in place of the old ones which were considered unsafe for use. It has been our aim throughout the season to keep all these things in the best possible condition.

The attendance for the season has been quite steady. Even during the warmest days the children found the playground an inviting place with its abundance of shade and good drinking water.

Activities have been of a variety, with base ball, tennis and volley ball the most popular games among the older children, while industrial work, story telling and the sand box were the most interesting to the smaller ones. All the apparatus on the playground was used consistently throughout the season. Besides the various games and free play, numerous hikes, swimming trips and beach excursions were enjoyed by all the boys and girls.

As a place for recreational activity and a safe, desirable place for children, the playground ranks foremost and should be supported by every citizen.

The Milton Ball Team under the management of Mr. Roger Sangster had a most successful season.

Respectfully submitted,

HARRY W. ANDERSON,
Director.

Water running to waste	7
Wires broken, electric and telephone	23
Wires burning trees	14

STOLEN PROPERTY

Amount reported stolen	$9,274 50
Amount recovered	3,361 50

CHANGES IN THE FORCE

Henry C. Shields was retired on pension on January 10, being physically incapacitated for duty.

Henry A. Paterson was retired on pension on May 1, being physically incapacitated for duty.

Special Officers Robert J. Blake and John A. Chamberlain were appointed regular police officers to take their places.

THE FORCE

I take pleasure in reporting my confidence in the force, and extend to the members my kindest thanks. The conduct and discipline have been good and the work performed has been creditable to the department.

AUTOMOBILE SERVICE

The automobile ambulance and patrol has responded to ninety-seven calls for accidents and sickness to go to hospitals in Boston, also answering other calls as a patrol from signal boxes. It has been in constant use throughout the year and is in fair condition at the present time.

The large increase in the number of motor vehicles and the new laws dealing with their operation and sale, as well as kindred laws relative to traffic have made much additional work for the department; and as our town is growing, I would recommend the purchase of a motor cycle to get after speeders and regulate traffic.

The Stanley steam automobile we have at the present time is all out of repair and is a bill of expense to the town. I would recommend the purchase of a gas automobile to take the place of the steamer, and with a patrolman on a motor cycle we could well care for the whole town.

CRIME

During the year the town has maintained its usual good standing. This has been an unusual year for felonies in New England. I would urge upon the citizens the necessity of being particularly vigilant, and not admit into their homes men who represent themselves as inspectors or repairmen, without knowing who they are and where they come from. Two houses in town have been touched by a man who represented himself as a telephone repairman, and got away with six thousand dollars worth of jewelry. I am glad to say he has been caught and in now doing time in State Prison.

CONCLUSION

In conclusion, allow me to extend to your Honorable Board my sincere thanks for the many courtesies rendered and advice given during the year.

My thanks are due to Judge Albert E. Avery of the District Court for valuable advice and assistance, to Lawrence W. Lyons, Clerk of the Court, and to all others who have aided this department by their co-operation.

Respectfully,

Maurice Pierce,
Superintendent

ANNUAL REPORT OF THE OVERSEERS OF THE POOR, MILTON, MASS., FOR THE YEAR 1920

To the Honorable Board of Selectmen:

The Board of Overseers of the Poor hereby submits its report and statistics for the year 1920.

The personnel of the Board and its organization remain unchanged and its policies and methods are the result of years of constructive effort. In the investigation of possible cases for relief and in the determination of the proper extent of such relief the Board receives invaluable assistance from its agent, Mr. Rounseville and its visitor, Mrs. Brackett. The physicians of Milton, the Milton Social Service League, the State Department of Public Welfare and the clinics of various hospitals by their co-operation also render splendid service which the Board wishes to acknowledge.

Mr. and Mrs. Eldridge have demonstrated their special fitness as Superintendent and Matron of the Town Farm by their consideration for the comfort and welfare of the inmates as well as their efficiency in the management of the farm. The buildings have been thoroughly repaired and painted, the roads and fences improved and some necessary equipment for farming has been purchased. The proceeds from the sale of farm and garden produce exceed those of any previous year.

At the town meeting of March, 1920, this Board was granted an increase in appropriation over that of the preceding year in anticipation of larger disbursements, which seemed inevitable with the increased cost of living. While this condition has obtained during the year it was more than offset by a fortunate combination of circumstances: an abnormally small number of serious hospital cases, the discontinuance of aid where the ability for self-support was shown and the removal of several needy families from Milton. Several cases formerly aided because of intemperance have not required help since prohibition has come into effect. The net result of all these circumstances is apparent in the financial statement of the Board which shows that $2,684.96 of the appropriation reverts to the Town treasury.

The Board is advised by those who understand local conditions that it must expect and provide for a substantial increase in the number needing outside aid during 1921 because of unemployment and other serious conditions attending the present period of readjustment, and the Board therefore asks that the sum of $11,000, together with reimbursements and the proceeds from the Town Farm, be appropriated for the care of the poor during the year 1921.

Respectfully submitted,

Horace N. Plummer, *Chairman,*
Albert D. Smith, *Secretary,*
Edith E. Stebbins,
Frederick Chase,
Homer W. LeSourd.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY FOR THE YEAR ENDING DECEMBER 31, 1920

MILTON, MASS., January 11, 1921.

To the Citizens of the Town of Milton, Mass.

The Board of Trustees of the Milton Public Library have the honor and privilege of making their annual report for the year 1920.

As has been the custom of the Board, the report is little other than a preface or introduction to the longer and more detailed report of the Librarian which is printed herewith and respectfully submitted by the Trustees to the citizens.

The circulation of the Library increases from year to year and the circulation for the year 1920 was the largest in the history of the Library, and the circulation in proportion to the number of inhabitants in the Town shows a high record.

The Trustees have always felt that the Library was pre-eminently one of the important educational institutions of the Town and not merely a source of entertainment for the beguiling of an idle hour either at the Library itself or in the homes of the Town. Therefore they are very glad to point out the co-operation with the schools which has continued as in the past, with many improvements and opportunities for helpfulness. We are trying again to help the residents of Milton Village to keep in close touch with the Library. These subjects are referred to in detail in the report of the Librarian.

Gifts to the Library have been generous and are enumerated in the accompanying report. The Trustees appreciate very much the interest in the Library which is shown by the number and diversity of these gifts.

The exhibits and meetings which have been held in the Art Room and in the Historical Room are other indications of the varied ways in which the Library serves the Town.

The resignation as Librarian of Miss Eleanor T. Horne on account of ill health in June was much to be regretted, for she had been Librarian only about six months and had had but small opportunity to use her ability and education for the furtherance of the Library. However, at the request of the Trustees, Miss Carrie S. Allen, who so many times had met an emergency, reassumed the position of Acting Librarian and later was appointed Librarian. Under her leadership the Trustees feel confident that the Library will in the future continue the fine record of its past.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
CHARLES E. ROGERSON, *Treasurer,*
RODERICK STEBBINS, *Secretary,*
FRANK E. LANE,
ALEXANDER MCADIE,
ROBERT SALTONSTALL,
ROGER L. SCAIFE,
FREDERIC M. STONE,
ARTHUR H. TUCKER,
Trustees of the Milton Public Library.

Since writing this report we have heard with much regret of Miss Horne's death.

REPORT OF THE ACTING LIBRARIAN

MILTON, January 1, 1921.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1920.

It is always a source of gratification to report each year an increase in the use of the Library. Statistics of circulation may not sum up the entire usefulness of an institution, nevertheless, since the ultimate aim of a library is to provide the public with books, the record of circulation is the concrete and tangible evidence of the library's usefulness in the community.

This year has been one of fluctuation and at the end of twelve months the increase over 1919 is but 1,899. Yet the total circulation of 85,632 is the largest in the history of the Library.

With a population in Milton of 9,382 (1920 Census), we have a per capita circulation of 10.8. This is also a highwater mark.

Although the statistics vary somewhat each year, the work of the Branches grows apace and the Mattapan and the East Milton Branches and the Russell Reading Room have unquestionably proved themselves important factors in their communities.

Mattapan has had a considerable increase in circulation, it being 1,086 more than in 1919. As Miss Hills says in her report "the problem is no longer one of discipline, but of expansion."

East Milton has had a formidable rival this last year in the swimming pool at Cunningham Park. This attraction, not more than half a mile from the Branch, had a decided effect upon the summer circulation. The total circulation for the year was a loss of 94 over 1919.

Perhaps more than any of the Branches, Russell Reading Room varies most from year to year. I quote in part from Miss Kennedy's annual report:

"As assistant in charge of the Russell Reading Room, the yearly fluctuations in circulation are not disturbing, for I can see in no way the Library and its service responsible.

"The large families of children which seemed a permanent part of the district when the Room was opened have grown up and away, giving place to a population varying from year to year, if not from season to season. So although I have to report a smaller number of books made use of this past year, I do not feel less help and satisfaction have been given and extended to all who are able to reach the Reading Room and enjoy its privileges."

A new possibility of co-operation with the schools has presented itself during the past year and one which has had a definite appeal to the children. This has been the exhibition in the children's room of work done by the Public School children. The first work shown was a set of posters made for "Better Speech Week;" an attractive poster, designed for the occasion was on the bulletin board during "Children's Book Week"; and during December we have had the class room work which was specially done for the Pilgrim Tercentenary. Class Room Libraries have been sent each month to four of the grade schools, a total of 2,773 volumes being sent during the year.

One thousand five hundred and twenty mounted pictures have been issued, which have gone largely to the schools, both public and private. This collection is unique, inasmuch as the Library is put to practically no expense in collecting the material. It is gathered from discarded books and magazines, advertisements and gifts. Mrs. Thacher R. Kimball of Milton gave us a beautiful set of 120 Oriental pictures which have been reproduced from snapshots taken during one of her trips around the world. Miss Draper presented us with a set of 124 foreign post cards. Both of these gifts are valuable additions to the collection.

The course of instruction in the use of the Library to the freshman class of the High School, which has been carried on since 1915, was continued this year.

There is little danger of over-emphasizing the value of this work, and although results do not always show immediately, yet a familiarity with the Library is unconsciously absorbed.

The Children's Room was without a regular assistant from January to March, and again in September and October, when Miss Draper was granted leave of absence to go abroad. Under the circumstances it would not have been surprising if the use of

the room had decreased. On the contrary 473 more volumes were circulated than in 1919. The total circulation of juvenile books in the entire system has been 30,322.

From January to March the story hours were carried on by Mrs. Sherman R. Ramsdell, and the Library takes this opportunity to express to Mrs. Ramsdell its gratitude for her keen interest and enthusiasm in this work. Without her co-operation the story hours would have stopped during these months.

The Christmas Story Hour was held December 19, when Miss Draper told three Christmas legends to a group around the open fire.

While a library may not care to use the same methods to advertise its service as a business house, nevertheless the time has come when publicity must play an important part in the yearly work.

For over a year we have paid for weekly space in the Milton *Record*; here we have advertised exhibits, new books, story hours and library activities in general.

A further effort of publicity was made in late October when circulars were sent to the residents of the Blue Hill and Brush Hill Districts, reminding them that the Library maintains a system of house to house delivery in that part of the town. As a result of this advertising, the delivery increased from November 4 to December 31, 323 over the corresponding eight weeks of last year and twenty two new borrowers were registered.

More and more has the Library come to be the accepted meeting place of the various organizations of the town. But perhaps its greatest interest as a civic centre has been demonstrated this fall when a nutrition class held under the auspices of the Milton Social Service League has met once a week in the Historical Room.

In response to a request from residents of the Village and Milton Hill sections of the town, a basket has been placed in Welch's drug store where books borrowed from the Library may be returned. This service has been in operation four weeks and 89 books have been returned, an average of 22 a week.

It has been interesting to note during the last year that the demand for war books is almost non-existent; on the other hand, people have welcomed the return of biography and travel, and particularly insistent has been the call for business books. Here, I think, is an opportunity for the Library to greatly enlarge its usefulness.

There have been eight exhibits in the Art Room and one in the Historical Room which have included the following: Portraits by Mrs. E. V. Taylor Watson; water colors by Mr. Bert Poole of Milton; water colors by Mr. Harry Spiers; paintings and portraits by Mrs. Thomas S. Perry; original drawings by modern illustrators, loaned by Houghton Mifflin & Co.; etchings owned by the Milton Public Library; paintings and small sculptures by Miss Ellen Dabney; paintings by Leopoldo Mariotti and an exhibit of relics of the great war, held under the auspices of the Milton Post 114, American Legion. This last exhibit, lasting only eight days, was by far the most popular one of the year, attracting an attendance of three hundred and ninety-nine people. The total recorded attendance for all exhibits has been 1,039.

The Milton Collection has had fewer additions than usual. Mr. Paul Carleton of East Milton gave a Calendar which he had designed and painted; Mrs. J. Malcolm Forbes gave a copy of Mr. Robert L. Raymond's "At a dollar a year;" Mrs. Mary Wilder Foote Tileston gave a copy of "Amelia Peabody Tileston and Her Canteen for the Serbs" and Nathaniel T. Kidder, Esq., presented us with six photographs of the bust of Jonathan Russell. Others who have contributed books, magazines and pictures are Mrs. Ernest W. Bowditch, Mr. Albert E. Benson, Mr. Charles S. Gage, Miss Mary Davenport, Mr. James S. Russell, Dr. Harris Kennedy, Miss Alice Dabney, Miss Jane W. Kennedy, Columbine Book Club, Mrs. Sherman R. Ramsdell, Mrs. George M. Cushing, Mrs. John C. Cobb, Miss Dorothy Davis, Mrs. Thacher R. Kimball, Mr. Frank B. Newton, Mr. Eliot T. Putnam and Miss Aimee F. Draper.

There have been two resignations during the year. On June 15 Miss Eleanor T. Horne, who had been the librarian since September, 1919, resigned because of ill health. On September 1 Miss Josephine P. Little resigned. Miss Little came to the Library in September, 1915, as a temporary worker and had been a regular member of the staff since October, 1918.

Miss Aimee F. Draper, who had been an assistant from September, 1914, to September, 1918, re-entered the service in March as Children's Librarian, which position had been vacant since January 1, 1920.

Miss Edith S. Tilden and Miss Kate M. Foster became members of the staff on September 1 and November 1.

Respectfully submitted,

CARRIE SPRAGUE ALLEN,
Librarian.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

MILTON, January 14, 1921.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1920.

Number of Scales, Weights and Measures sealed	670
Number condemned	12
Total	682
Number of Scales, Weights and Measures found incorrect and adjusted	18

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF THE SEWER COMMISSIONERS

MILTON, January 1, 1921.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1920.

General

Population by census of 1920	9,382
Estimated length of streets of Town (miles)	50
Percentage of length provided with sewers	35.9%
Method of Disposal	Metropolitan system

Collection Mains

	For Sewage	For Sewage and Surface Water
Lineal feet of pipe (measured)	94,707.67	700 (storm overflow)
Lineal feet extended during year	1,578.08	
Number of inverted siphons	1	
Number of manholes	416	
Number of storm overflows	1	
Number of emergency overflows	1	
Number of automatic pumping stations	1	

House Connections

Number made during year	49
Number of stoppages coming to notice of department	9

Discharge of Sewer

Estimated population using sewer system	6,095
Number of buildings connected	1,124

Financial

Total cost of collection mains to December 31, 1920	$216,825 53
Bonded debt at date	15,000 00
Average rate of interest on bonds	4.167%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Auditors as shown elsewhere.

Respectfully submitted,

JAMES S. GALLAGHER,
WM. SELLERS FEBIGER
STANLEY CUNNINGHAM,
Board of Sewer Commissioners.

The extensions made during the year were as follows: Blue Hills Parkway, 408.02 feet; Edge Hill Road, 695.04 feet; Maple Street, 300.06 feet; and Verndale Road, 174.96 feet.

REPORT OF THE SUPERINTENDENT OF STREETS

MILTON, January 13, 1921.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit the annual report of the Street Department for the year 1920.

This proved to be a very remarkable year on account of the severe snow storms, extremely cold weather, unusual rainfall and violent thunder storms, yet the general conditions during the summer and fall seasons were very satisfactory for the maintenance and construction work carried on by this department.

The cost of work during the past year was greater than for the former year, due mostly to the high cost of material used, also the increase of pay to laborers. Very satisfactory results were obtained, and I think that the general conditions of the streets were good. The only material damage caused by the freshet in the early spring was the collapse of one of the stone bridges on Harland Street. This bridge was probably built about 70 years ago, and was of stone construction.

Permanent Construction

The appropriation for this work was mostly expended on three different streets, main thoroughfares, subject to a great amount of travel.

Brook Road was rebuilt from Churchill's Lane to Canton Avenue. This work was an extension of work of last year.

Brush Hill Road was regraded and rebuilt from Tucker Street to Robbins Street. This road was in very poor condition, and being one of the main highways leading south from Mattapan, also being one of the most attractive for automobile travel, it seemed very necessary to rebuild this section.

Randolph Avenue was regraded and rebuilt, from Brook Road to Centre Street. This work was done mostly in conjunction with the Brook Road work.

Brook Road

Pay Roll	$2,900 62	
Coal	197 85	
2100¼ tons stone	4,819 13	
Gasoline and oil	236 92	
13,243 gallons Tarvia X	1,909 67	
		$10,064 19

Cost of construction, 5560 square yards, $1.81 per square yard.

Brush Hill Road

Pay Roll	$3,906 53	
Coal	262 12	
Gasoline	289 46	
31,220 gallons Tarvia X	4,683 00	
1820½ tons stone	4,443 13	
		$13,584 24

Cost per square yard:
9150 square yards, $1.48 per square yard.

Randolph Avenue

Pay Roll	$1,435 65	
8400 gallons Tarvia X	1,218 00	
Coal	96 12	
577¼ tons stone	1,076 22	
		$3,825 99

Cost per square yard:
3250 square yards, $1.17 per square yard.

Total expenditures, permanent construction	$27,474 42

Randolph Avenue—*Continued*

Appropriation	$30,000 00	Expenditures	$27,474 42
Transfer General Highway	2,500 00	Revert	25 58
	$27,500 00		$27,500 00

Permanent roads built in the year 1920:

One and one half (1½) miles.

Plant and Equipment

The plant and equipment remains the same as of the past year. No new machinery was purchased, only the necessary tools and supplies needed for maintenance.

Expenditures

Pay Roll	$1,721 95	
Veterinary	38 17	
Lumber	32 11	
Harness repairs and supplies	239 48	
Shoeing	266 44	
Water	42 50	
Light	33 25	
Hay, grain, straw, etc.	3,618 09	
Coal	26 38	
Miscellaneous	86 74	
Repairs on carts, wagons and equipment	299 92	
Tools repaired and sharpened	82 95	
New tools purchased	324 97	
		$6,812 95

Bridges, Guard Rail Fences, Signs, etc.

The Harland Street Bridge that collapsed in the early spring, was rebuilt. More space was allowed to provide flowage.

The floor of the Central Avenue Bridge had to be renewed. Guard rail fences were repaired in general. Street signs and bulletin boards were given more attention, as a great many had to be replaced and repainted.

Expenditures

Harland Street Bridge

Pay Roll repair work	$228 50	
Lumber	91 00	
		$319 50

Central Avenue Bridge

Pay Roll	$225 00	
Lumber	572 71	
Supplies	10 50	
		$808 21

Adams Street Bridge

Pay Roll	$65 00	
Lumber	25 62	
		$90 62

Harland Street Bridge

Pay Roll new work		$736 25

Signs, Bulletin Boards, etc.

Pay Roll	$310 00	
New signs	151 03	
Lumber	75 89	
		$536 92

Fences and Guard Rails

Pay Roll	$87 50	
Lumber	104 03	
Blacksmithing	3 20	
		$194 73

Street Cleaning

This work was much the same as of other years, the usual system being maintained.

Pay Roll, Section men and general work	$5,607 22	
Storage	7 50	
		$5,614 72

Automobile and Trucks Expense

The same equipment, viz.: Ford runabout, Locomobile and Autocar trucks, were used during the year. The expense of upkeep was more than the previous years, owing to the repairs to the same.

Ford runabout	
Gasoline, oil, tires and repairs	$590 23
Locomobile	
Gasoline, oil, tires and repairs	$1,911 88
Autocar	
Gasoline, oil, tires and repairs	$1,533 81

Steam Rollers

The same steam rollers were used during the season, and are in good working condition.

Pay Roll repairs	$259 00	
Coal, wood, oil, picks and new parts	277 27	
		$536 27

Tar Patching

The repairing of the small holes in the streets was done by the Cold Patch method. This proves to be the most satisfactory and economical.

Expenditures

Pay Roll	$3,500 26	
7266 gallons Patching Comp.	1,175 13	
378 tons stone	793 81	
Repairs on kettle	25 00	
Supplies	20 60	
		$5,514 80

Surface Drainage

In general the drainage system is very good. There are, however, a few places where the drains are inadequate when there is an unusual rainfall in a short time.

Necessary changes and additional drains are contemplated, to remedy these conditions. The expense of this work increases each year on account of laying new drains and the maintenance of all existing drains and catch basins. This work is very important and if given careful attention each year, will add greatly to the condition of the streets.

Expenditures

Pay Roll cleaning catch basins and drains	$2,711 38	
Pay Roll new work on drains	981 00	
Pipe and cement	714 48	
Supplies	3 00	
Stone	61 70	
Covers, grates and frames	314 45	
Drain Thacher Street and Warren Avenue, Pay Roll	742 00	
		$5,528 01

Office Expense

Pay Roll, etc.	$1,556 74	
Telephone, coal and supplies	133 49	
		$1,690 23

Sand Pit

Expenditures

Pay Roll		$3,063 25

Gravel Pit

Expenditures

Pay Roll		$1,323 21

General Road Repairs

Expenditures

Pay Roll	$5,711 90	
1771 gallons Asphalt	438 95	
Miscellaneous supplies	212 50

		$2,311 63
Warren Avenue repairs, pay roll	$748 67	
177,300 tons stone	354 60	
4800 gallons Tarvia	720 00	
		$1,823 27

Miscellaneous Highway Work and Supplies

Pay roll cutting grass and miscellaneous work	$1,321 47	
General supplies	637 66	
Express	14 84	
Lumber	74 66	
		$2,048 63

General Highway Special Snow and Ice Account

Expenditures

Pay Roll	$2,360 77	
Salt	11 25	
Snow plows	273 68	
		$2,645 70

Water and Oil Account

The usual method of applying Road Oils and Tarvia, for dust laying and surface treatment, was continued as in former years

Owing to the high cost of Road Oils and Tarvia, and the scarcity of both of these materials during the entire season I was unable to seal coat some of the main highways, that have recently been rebuilt or resurfaced.

Expenditures

Pay Roll	$1,535 06	
23,800 gallons Tarvia B	3,570 00	
11,055 gallons Asphaltic Oil	1,969 90	
26,007 gallons non-asphaltic Oil	4,801 01	
Water	90 75	
		$11,966 72

Appropriation	$12,000 00	
Credits	1 00	
	$12,001 00	
Expenditures	11,966 72	
Revert	$34 28	

Sidewalk Account

Granolithic walks were laid on the easterly side of Eaton Street, from Washington Street to the Quincy line; on the westerly side of Columbia Park; on Briarfield Road; also on Brook Road, near Briarfield Road. Sidewalks in general in different sections of the town were repaired and resurfaced with gravel and stone dust.

Expenditures

Eaton Street sidewalk	$435 00	
Columbia Park sidewalk	271 21	
Brook Road sidewalk	179 04	
Briarfield Road sidewalk	335 97	
General repairs	1,621 79	
		$2,843 01
Appropriation	$3,000 00	
Expenditures	2,843 01	
Revert	$156 99	

Ice and Snow Account

Owing to the very unusual conditions of the winter caused by the great amount of snow and extremely cold weather, a much larger amount of money was expended than was customary.

The appropriation of $12,000.00 made at the annual meeting in March was entirely expended at that time, so that the expense of caring for the great amount of snow and ice remaining had to be charged to the Highway account.

Owing to the frozen snow, we were unable to plow the sidewalks and were obliged to devote most of the time to keeping the roadways open and safe for travel.

Pay Roll	$11,849 95	
Shovels and picks	46 74	
		$11,896 69
Appropriations	$12,000 00	
Expenditures	11,896 69	
Revert	$103 31	
Granite Avenue Bridge appropriation	$2,500 00	
Pay Roll, coal, lighting, etc.	2,366 35	
Revert	$133 65	

Summary

Appropriation	$49,000 00
Transfer General Highway	2,500 00
Credits	1,588 72
	$53,088 72
Expenditures	53,081 07
Revert	$7 65

INVENTORY

General Highway

Stables and Sheds	$4,000 00

Sanding machine	400 00	
		$1,900 00

Ice and Snow

Snow plows	$1,200 00	
5 pungs	300 00	
Gutter plows	200 00	
		$1,700 00

Conclusion

I most earnestly suggest that suitable appropriation be made for the ensuing year, in order that the construction and maintenance work may be carried on as of the past year.

I wish to extend to your Honorable Board my sincere thanks for your suggestions and co-operation, also to the employees of the Department, for their assistance during the year.

To the citizens of the Town in general, I take this opportunity of acknowledging their many courteous suggestions during the year.

Respectfully yours,

Edward A. McCue,
Superintendent of Streets.

REPORT OF THE WATER COMMISSIONERS

MILTON, MASS., January 11, 1921.

To the Citizens of the Town of Milton:

The Board of Water Commissioners respectfully submits the following report for the year 1920:

At the Annual Meeting in March, the Town voted to appropriate the following sums for the use of the Water Department in 1920:

For extension of mains	$2,500
For hydrant rental, including water supplied to fountains	9,000

CONSTRUCTION

The extension of mains, while exceeding that in the past two years, was necessarily below normal, due to the lack of labor, the high cost of materials, and the decrease in new building construction.

Laying of mains in public ways was confined to an 8-inch pipe on the east sidewalk of Blue Hills Parkway, which continued the run from Brook Road (begun last year) through to Eliot Street. The main in Willoughby Road, which was started in December, 1919, was not completed until January 5 of this year, the work done during 1920 being included in this year's record. In Mathaurs Street the 6-inch pipe was extended 112 feet and in Bailey Avenue 187 feet, in each case to supply one applicant with water, installation being under the 25 per cent ruling. In Plymouth Avenue a taking was made which included all that part of Plymouth Avenue not included in a previous taking and also State Street. The main was extended in Plymouth Avenue for a distance of 324 feet to supply one house. A taking was also made in Cottage Place, where the 2-inch cement-lined pipe was extended 105 feet to supply three new takers.

The lengths, sizes and costs of the different pieces of construction follow:

PUBLIC WAYS

Blue Hills Parkway — 8-inch, 405 feet		$1,470 91

PRIVATE WAYS

Willoughby Road — 6-inch, 123 feet	$240 23	
Mathaurs Street — 6-inch, 112 feet	539 49	
Bailey Avenue — 6-inch, 187 feet	526 76	
Plymouth Avenue — 6-inch, 324 feet	1,010 20	
Cottage Place — 2-inch, 105 feet	174 72	2,491 40
Total amount spent for construction		$3,962 31

WAGES

A general increase of about 9 per cent in the wages of all the regular employees of the Department was granted February 9, which was retroactive to the week ending January 3, by which the laborers were put on a basis of $4.00 per day of eight hours. In making the increase the Water Commissioners gave the following notice:

> "The Water Commissioners wish it to be understood that the increase hereby granted to the employees of the Water Department should be considered in the nature of a bonus and not as an established rate of wage to be continued necessarily after the period of readjustment."

The Department's biggest piece of work was the 6-inch fire supply and branches installed for Mr. Thomas B. Gannett on his estate on Brush Hill Road. This consisted of over 1,100 feet of cast iron pipe with three hydrants, three 2-inch, two 1¼-inch and two 1-inch services supplying the buildings and gardens on the grounds.

The automobile equipment in use during the past year consisted of

1 Autocar truck
1 Ford ton truck
2 Ford light trucks
1 Ford runabout

One of the above light trucks was sold at the end of the year after nearly four years of service and a new one purchased to replace it.

The winter of 1919-1920 was, while severe, one where there was an ample protective covering of snow, so that little trouble was experienced with frozen mains, hydrants or services, and the expenditures for this item during the winter were therefore normal.

Mr. Edward E. Ford was elected a member of the Board of Water Commissioners at the March Town Meeting, succeeding himself.

As in the past, we believe the citizens of the Town will be interested in the details giving construction costs, the cost of operating motor cars and other statistics pertaining to the Department, as appended hereto.

For details on receipts and expenditures for the year 1920, those interested should refer to the financial statement compiled by the auditors, shown elsewhere.

Respectfully submitted,

Marcy L. Sperry,
Edward E. Ford,
Chauncy C. Nash.

REPORT OF THE SUPERINTENDENT

MILTON, MASS., January 1, 1921.

To the Honorable Board of Water Commissioners:

GENTLEMEN: — I have the honor of submitting to you the following statistics pertaining to the operation of the Water Department.

STATISTICS RELATING TO THE CONSUMPTION OF WATER

Population of Milton		9,985
Number of families (5 in family)		1,997
Percentage of population supplied (approximately)		98%
Number of consumers		2,162
Total consumption for 1920:		
By Adams Street venturi	137,177,000	gallons
By Metropolitan Avenue meters	20,532,000	gallons
Total	157,709,000	gallons
Registered by Department's meters	121,690,000	gallons
Water unaccounted for	36,019,000	gallons
Percentage of water unaccounted for		23%
Average daily consumption, gallons		430,900
Gallons daily to each inhabitant		43
Gallons daily to each family		216
Gallons daily to each tap		199
Cost of water, 1920, for 157,709,000 gallons		$13,261 28
Cost per 1,000 gallons		$0.084
Cost per 100 cubic feet		.063

STATISTICS RELATING TO DISTRIBUTION SERVICE

Mains

Kind of pipe — cast iron.
Sizes — 2 to 16 inches.
Extended 1,263 feet during 1920.
None discontinued.
Total now in use — 282,929 feet (53.585 miles).
Length of pipes under 4 inches — 5,512 feet (1.044 miles).
Number of hydrants added during 1920:

Public	2
Private	3
Total	5

Number of hydrants now in use:

Public	415
Private	33
Total	448

Number of stop-gates added during 1920 — 8.
Number of stop-gates now in use — 731.
Number of stop-gates smaller than 4 inches — 21.
Number of blow-offs — 16.
Range of pressure on mains — 30 to 133 pounds.

Services

Kinds of pipe — brass, cast iron, cement-lined iron, enameled, galvanized, lead, plain iron, tarred iron, tin-lined lead.
Sizes — ⅝ inch to 6 inches.
Extended 4,607 feet during 1920.
Discontinued — 1,290 feet.
Total now in use — 222,923 feet (42.2203 miles).
Average length of service — 103 feet.
Number of services added in 1920 — 53.
Returned to service — 2.
Number of services discontinued — 9.
Number of services in use — 2,162.

Number and Sizes of Services.

⅝ inch	994
¾ inch	158
1 inch	731
1¼ inch	82
1½ inch	15
2 inch	154
3 inch	4
4 inch	7
6 inch	17

Conclusion

Original cost of works:	
Amount paid to Milton Water Co.	$199,608 35
Bonds of Milton Water Co. paid off	120,546 67
Total	$320,155 02
Total bond issue	312,000 00
Bonds paid off	192,000 00
Bonded debt, December 31, 1920	120,000 00
Per capita debt	12 02

Rate of interest (payable semi-annually) — 3½ per cent.
Date of maturity — August 1, 1932.

Respectfully submitted,

D. A. Heffernan,
Superintendent.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1920 . . . . . $44,479 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1920 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1920 . . . . . $5,829 85

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1920 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

1917	1,423.18	1,001.76	421.42	225.64	11.07	195.78
1918	9,486.71	813.06	8,673.65	7,530.48	766.29	1,143.17
1919	32,368.12	1,208.59	31,159.53	28,564.44	1,262.63	2,595.09
Total	$44,322.41	$3,524.98	$40,797.43	$36,645.98	$2,089.98	$4,151.45

Taxes, 1920

Polls	$11,615.00	$312.00	$11,303.00	$11,303.00		None
State, County, Town	463,558.68	2,722.49	460,836.19	381,352.33	174.53	$79,483.86
Sewer	2,481.50	148.50	2,333.00	1,483.11	41.94	849.89
Moth	882.95	15.75	867.20	513.75		353.45
Sidewalk	71.46	16.00	55.46	12.00		43.46
Total	$466,994.59	$2,902.74	$464,091.35	$383,361.19	$216.47	$80,730.66

A Warrant for a Sewer Assessment for the year 1910, amounting to $121.00, was recommitted to me by the Board of Assessors on December 31, 1920. Owing to the late date on which this was received by me the account is still outstanding.

G. Frank Kemp,
Tax Collector.

REPORT

OF THE

SCHOOL COMMITTEE

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith its Report for the year ending December 31, 1920.

High School

The completion of the High School building — first recommended to the Town in 1915 — is a source of satisfaction to your Committee. Of the $8000 appropriation of 1920 for the completion of the building, $5792.62 has been used for suitable equipment of the biological laboratory, for the installation of room telephones and thermostats, for necessary fixtures in the gymnasium and adjoining rooms, and for several minor pieces of work that had been temporarily postponed through lack of funds.

The imminent necessity of an added wing to the High School decided the Committee not to lay out the needed driveways or alter the present approaches. This work still needs to be done, but should be postponed until building plans are definitely completed. The remaining $2207.38 is being held over by your Committee for this purpose.

Mingled with the satisfaction natural to the conclusion of such a large building project is regret that the original plans submitted for the school could not have been carried out in their entirety, for the reduction of these original plans of extension, as prophesied by previous committees, has already created new housing problems.

As will be seen in the Superintendent's Report, the organization of the Junior High School will be completed in September, 1921. This scheme of organization was begun some years ago, but has never been fully developed. By certain shifts and ingenious use of available space it will be possible to house the incoming seventh grades in the High School momentarily. Thus all the facilities of a fully equipped building will be utilized immediately by both the Junior (seventh, eighth, and ninth grades) and the Senior (tenth, eleventh, and twelfth grades) High Schools.

Had the original plans for the High School been carried out there would have been room under this plan for a number of years. As it is there will very soon be need of an additional three-story wing to the present building.

Tucker School

The Mattapan section of the Town is in need of a modern, fire proof six grade school building. The congestion in the present Tucker building will be relieved temporarily by the removal of the seventh grade pupils (about sixty in number) to the High School building. This does not, however, obviate the serious problem of expensive upkeep of this old building, nor does it remove the fire hazard, which is always present.

If the present building is to be used longer a serious problem faces your Committee. The present condition of the roof necessitates re-shingling. Other repairs to the building, which will entail considerable expense, are needed. In 1918, $5000 was appropriated for a new roof and other necessary repairs. The exorbitant cost of materials and scarcity of labor led the Committee of that year to do makeshift repairs only at slight expense and to return the balance to the Town. The decision of the Town in regard to a new building must determine the amount of money to be appropriated for these repairs.

Your Committee urgently recommends the immediate purchase of land adjacent to the present Tucker School grounds in order to provide sufficient room for a playground for the children and for the erection of a new school.

Vose School

The heating and ventilating system of the Vose School has long been inadequate and a source of trouble and expense. During the summer a sum far exceeding the $5000 estimate of last year's Committee was expended for installing a new system of heating

and ventilation and necessary repairs in the Vose building. The results have proved satisfactory. In order to meet this added expense your Committee, however, was obliged to curtail repairs elsewhere, when they might have been advisable.

Where your Committee has been compelled to temporize in 1920, it expects to give repair work on all the buildings the attention it merits in 1921, although none of them, with the exception of the Thacher, are out of reasonable repair.

Transportation

The unusual severity of winter at the beginning of last year and the breaking down of the electric car service made the transportation of pupils very expensive. This was recognized at the Town meeting, and $600 additional was granted to the Committee. As is well known, the Blue Hill car line has been abandoned and a number of children are being transported by the automobile bus line. The longevity of this bus line is very uncertain, and with the zone system now in operation on the Mattapan-Brockton line, we ask the Town to recognize with us that any amount asked for under transportation is entirely problematical.

School Lunches

School lunches continue to be supplied at the High and Vose Schools, and have been very generally patronized during the past year. Your Committee feels that these lunches meet a real need and recommends for their maintenance the same appropriation as last year — $200 together with receipts.

Municipal Use of School Buildings

Of the appropriation of $1500 for the Municipal Use of the Gymnasium and School Buildings $1393 was expended and the balance reverted. Your Committee recommends appropriation of the same amount, $1500 and receipts, for the Municipal Use of School Buildings for the year 1921.

The Change in Superintendents

At the March election Mr. Chase was not placed on tenure; he was succeeded by Mr. Clarence H. Dempsey of Haverhill. At the end of three months' service Mr. Dempsey was granted permission to resign in order to accept the position of Commissioner of Education for the State of Vermont.

Mr. Joseph A. Ewart of Somerville was elected as his successor and entered upon his duties November 1, 1920. Mr. Ewart has had expert constructive experience as organizer and administrator in every department of public school service. He has been connected with the School of Education of Boston University as instructor and is at present doing research work in the Graduate School of Education of Harvard University, where he has also lectured.

Resignation of Mr. Stephen C. Mitchell

Mr. Stephen C. Mitchell, whose term of office would have expired in March, 1921, moved to Dorchester, and in October resigned from the Committee. Mr. Mitchell served the Town well as School Committeman for nearly nine years and his retirement was both a loss to the community and a source of regret to your Committee.

School Physicians and Medical Inspection

Your Committee heartily endorses the system of medical examinations already started in the Milton schools. To insure its continuance it has appointed Dr. Augusta G. Williams to examine the girls, Dr. Churchill retaining full charge of the boys and inspection of schools.

A new Physical Director, Mr. Leon R. Harvey, and assistant, Miss Lucy F. Cooley, have been engaged. Certain changes of methods, organization, and co-operation between school physicians, physical directors, and Miss Clarke, the School Nurse, have been put into effect in order to maintain and increase the benefit to the pupils of this very necessary branch of school work.

Special Classes

A new Act of the Legislature, which went into effect September, 1920, requiring special classes for retarded pupils, will necessitate the re-establishment of such classes, which had existed in Milton since 1915 and were disbanded in 1918. The Thacher School which was used for that purpose may have to be utilized again; if so, the necessary repairs for its occupancy will have to be made.

Teachers' Salaries

Notwithstanding the generous appropriation for teachers' salaries last year and the general increase of $400 to teachers, your Committee feels it will be necessary to have a further increase in the appropriation again this year if the Town expects to retain the best type of teachers for its schools.

Neighboring towns are still able to draw teachers from us; if Milton expects to keep its present corps and to secure other able teachers, it must be ready to provide salaries which will successfully compete with those offered by other towns.

Your Committee does not ask for a large increase for salaries, but urges that the full amount requested in the budget be granted that emergencies may be met and that the standard of our teaching force may be maintained.

Gifts to the Schools

The Committee desires gratefully to acknowledge the following gifts, which have been made to the schools during the year:

High School:

History of the United States by James Ford Rhodes, Volumes I-VIII — Class of 1920.

Tucker School:

Silk Flag — Class of 1920.

Vose School:

$10 towards new equipment of stereopticon lantern — Class of 1920.

Glover School:

"Favorites of the Nursery of Seventy Years Ago" — Mrs. Edith Emerson Forbes.

Wadsworth School:

"Favorites of the Nursery of Seventy Years Ago" — Mrs. Edith Emerson Forbes.
"Songs of the Child World" — Miss Etta M. Graves.
"Ring Songs and Games" — Miss Etta M. Graves.

Houghton School:

"Favorites of the Nursery of Seventy Years Ago" — Mrs. Edith Emerson Forbes.
Silk Flag — Women's Relief Corps.

Sumner School:

"Favorites of the Nursery of Seventy Years Ago" — Mrs. Edith Emerson Forbes.

Estimate for 1921

After careful consideration of the estimated cost of maintaining the schools during the year 1921, including medical inspection, school nurse, physical training, and transportation, your Committee recommends the appropriation of $176,575 therefor, together with receipts of the Department.

Respectfully submitted,

LEONARD M. PATTON, *Chairman*,
J. HENRY SCOTT, *Secretary*,
ALFRED J. ELLSWORTH,
GEORGE Y. BADGER,
HARRIET WHITTIER.

JANUARY 17, 1921.

ANNUAL REPORT

OF

SUPERINTENDENT

OF

SCHOOLS

REPORT OF THE SUPERINTENDENT

To the School Committee of Milton:

In view of the fact that my service as Superintendent of your Schools began but two months ago, the scope of this report must of necessity be limited. In that short time, however, certain conditions and needs have already become apparent and these I shall discuss briefly.

Health Interests

One of the largest forces in the direction of constructive work in education in the United States is the Commission on the Re-organization of Secondary Education, appointed by the National Education Association several years ago. While dealing primarily with the problems of the high school, yet its statement of the main objectives toward which education should be directed has significance for schools of all grades. The extent to which the schools contribute to the accomplishment of these objectives may well constitute a test of the efficiency of the school system.

This Commission considers the health interests of the children as of first importance. For this Milton has made generous provision. Two school physicians, one for the boys and the other for the girls, a physical instructor for the boys and another for the girls, and a school nurse, all enthusiastically devoted to their work and all working in harmony, are not only safeguarding the present, but also making a large contribution to the future welfare of Milton. I therefore invite your attention to the reports appended hereto.

In its discussion of health demands the Commission emphasizes the importance of "making the school building, its rooms and surroundings, conform to the best standards of hygiene and sanitation." In this particular your buildings stand out almost as models, a constant testimony to the faithfulness of their caretakers, to whom their work seems more a matter of personal pride than of ordinary duty. The children of Milton are highly favored in living their school life in such well-kept buildings.

Admission to College

The question of admission to college has this year for several reasons become one of serious moment to all high schools. The report of the Principal of our High School, submitted herewith, showing the success of its graduates in obtaining admission to college, is therefore deserving of careful reading.

Changes in Teachers

One cannot view without concern the numerous changes in the teaching corps of Milton, particularly in the High School. Such changes have a far-reaching effect sometimes imperilling the success of many pupils, and deserve our careful consideration. For these changes there are two principal reasons, namely: matrimony and the more attractive offers of other cities and towns. To the former we could not, if we would, offer any counter inducement. The second, however, Milton should squarely face. Few indeed are the communities that ought to be able to attract teachers from our town. With all other conditions as they are in Milton, financial considerations alone can take them from us. The shortage of teachers and the demand for the best service have forced the question of compensation to the front, and those places that offer the greatest financial attraction for teachers will build up their success at the expense of the towns that are willing to permit their strong teachers to be drawn away.

The immediate future holds out no promise of a larger supply of competent teachers. Unemployment in other forms of work has no bearing upon this question, for successful teaching demands years of preparation and standards are higher today than ever before. As the stream of teacher-supply has been tapped at its source, it will be several years before anything like the former condition can return. In the meantime the question

must have our careful consideration if we are to maintain for Milton schools the reputation that they have enjoyed in the past. Our greatest point of danger is in our High School.

Our responsibility, therefore, is a double one; we must not waste the Town's money, nor, by permitting the loss of strong teachers, must we waste the school lives of the Town's children.

Junior High School

About six years ago a new type of school organization that had gained a foothold in the West became the subject of experimentation in Massachusetts. It had long been recognized that the schools were failing to reach a large proportion of the children; many who persevered through the elementary school either failed to enter the high school or else remained there but a short time. The so-called mortality at the end of the eighth grade and during the ninth grade or first year of the high school, had long been a matter of study by educators. Various methods to change this situation had been tried, but still the mortality continued. This new type of organization, designed to reduce this waste, has developed into what is now known as the junior high school.

Formerly the school life of the child was divided into two periods, the first, one of eight years in the grammar school, and the second, one of four years in the high school. The two units were entirely distinct in purpose, method, and location. For this division the new plan substitutes three units, the first a six year elementary unit, the second, a three year or junior high school unit, and the third, another of three years, the senior high school. In some places the second and third units have been grouped together to advantage but no educator recommends the union of the first and the second.

In general the purpose of the first unit, the elementary, is to provide that body of instruction that is needed by all. The second continues a part of the same work and by different methods of control and instruction, as well as by the introduction of some of the subjects heretofore reserved for the high school, aims to make easier the transition to the high school and to reduce the number of mistaken choices of courses with the consequent disappointment and the temptation to abandon school. In the third unit, the high school, the pupil by intensive work carries on the choice he has already made in a general way in the junior high school and thereby materially increases his prospects of success.

This form of organization, called the six-three-three plan, has now spread to all parts of the country. It has the endorsement of the United States Department of Education, of every State Department of Education, including, of course, that of Massachusetts, of every educator of prominence in the country, and of every school and college maintained for the preparation of teachers.

This endorsement has been won by the recognition of the fact that wherever the new type of school has been given a thorough-going trial it has met all expectations. It is stated by one educational authority that no school system that has established a junior high school has ever abandoned it.

The junior high school recognizes the fact that pupils vary in interests, abilities, and aptitudes. Therefore it provides first for a slight and later for a larger variation in subjects studied, according to individual preferences and abilities. At the same time it continues in the seventh and eighth grades all the essential work of these grades as they were in the former grammar school. Through this variation in work the pupils have the opportunity to test themselves, with the result that before they have reached the high school point, where they must make a definite choice, they have already had much experience of value in reaching a more intelligent decision. Under the former plan the abruptness of the change and the importance of the choice have in many cases resulted in termination of school career.

One of the important factors in the work of these grades is the shop work, giving valuable hand-training to all pupils and also assisting in the discovery of special manual ability in some. The earlier introduction of a foreign language, either ancient or modern, is of value to those who are considering the possibility of a college course. In short, the junior high school substitutes the opportunity for experimentation in various lines, if desired, for the former requirement of choice on entrance to the high school, often ill-considered and practically final.

Further, this school makes the transition from the elementary school to the high school a gradual one instead of plunging the pupil in a day into a new environment, new methods of instruction and control, new associates, new teachers, not now one but several, with varying requirements, a different type of studies, larger responsibility, particularly in the matter of study,—in short, a complete change; and all this, too, at a

time when he is entering the period of adolescence, when the pull away from school is hardest to resist unless he has a settled purpose and ambition. Then, too, he has reached the age when he can no longer best be handled by the methods commonly used in the first six grades. Individuality is beginning to appear and should be trained and directed, not suppressed. For this reason the boy and the girl of twelve years of age can best be developed in an environment apart from the environment of the years up to that time. All educators agree that this is the proper time at which entrance should be gained to the junior high school and not a year later, as is now the case in Milton.

The junior high school aims to give a better, a broader, and a longer education to our boys and girls. The success of these schools elsewhere affords convincing evidence that they are accomplishing these results. In a large city in Massachusetts, where these schools have long since passed out of the experimental stage, a recent study shows that of the pupils promoted last June from the eighth grade to the ninth grade, only three per cent failed to continue. This loss should be contrasted with an average loss of twenty per cent under the former organization of grammar and high schools. This is the universal evidence where junior high schools have been established.

The following quotations from statements recently made by men of high standing in education will indicate the general attitude of educational authorities toward the junior high school.

> Honorable Payson Smith, Commissioner of Education of Massachusetts: "There is no question of the fundamental soundness of the Junior High School idea. I believe the public as well as school officers are coming to see that the elementary schools ought to be devoted very definitely to giving the children a mastery of what we may call the "tools" of an education. With the beginning of the adolescent period, much larger provision must be made for individual differences in children. The Junior High School represents the only economical plan for making this provision."
>
> Clarence D. Kingsley, Agent in charge of High Schools, Massachusetts State Board of Education: "The Junior High School should be supported by every one who wants to see the school system turn out the most effective citizens."
>
> Professor Thomas H. Briggs, Teachers' College, Columbia University, New York: "The Junior High School has in it unequalled possibilities for educational reform and more than any other institution it has stimulated school-men to make changes that have long been recognized as desirable."
>
> Professor Alexander Inglis, Harvard University: "In general, it may be asserted definitely that the Junior High School tends to increase the enrollment of pupils, especially of boys, to retain them in school longer, to bridge the gap between the elementary grades and the high school, to furnish a better form of education, to increase the interest and school spirit of pupils, and to develop better community support and confidence."
>
> Professor Paul H. Hanus, Harvard University: "Junior High Schools are the best means yet developed for adapting the educational opportunities that a school system affords to the needs and abilities of individual pupils and this adaptation is an indispensable element of efficient schools. Pupils of that age are no longer little children and they are not yet young men and young women. The segregation of these pupils in Junior High Schools makes it possible to adapt the management of these pupils to the stage of development in which they really are. They should during this period be subject to such guidance as will lead them from irresponsible childhood to the responsibilities of later childhood and youth."

Under Milton's present organization, namely: seven-two-three, allowing but two years to the Junior High School unit, the full benefits of the junior high school cannot come to our children. With the transfer of the seventh grade pupils to the High School building next September, the completion of the six-three-three organization will be effected and the pupils will then have the advantage of what is conceded by al' authorities to be the best distribution of the school life of the child. The greater educational opportunity thus afforded the seventh grade children will far outweigh any considerations of inconvenience in individual cases.

I have carefully analyzed the present use of the High School plant and have considered the effect of transferring the seventh grade pupils thereto. Inasmuch as I am convinced that these pupils can be accommodated in that building and a three year junior high school established without requiring immediate construction of additional room, I

therefore recommend that this change be made effective in September next, the two units, junior and senior high, to have distinct organizations, yet using in common the shops, laboratories, auditorium, gymnasium, and lunch rooms of the building, but, of course, on a program so arranged as to avoid interference. Not only will Milton then be in line with other progressive communities, but I believe that the educational opportunity thus afforded Milton children in the excellent equipment of the High School building will have no superior elsewhere.

The inevitable increase in the number of pupils continuing in school by reason of the thorough working out of the junior high school plan will make necessary very soon the provision of more room in the High School building. As the addition required will be in the form of ordinary classrooms, the expense involved will be far less than any plan that requires provision of shops and similar rooms with costly equipment.

Looking Forward

During the short time that I have been connected with your schools, my work has been made pleasant by the cordial co-operation of all with whom I have come in contact. It will be my earnest endeavor to merit the continuance of this co-operation. With parents, teachers, School Committee, and Superintendent working together in mutual confidence, the future cannot but look bright for our boys and girls.

Respectfully submitted,

JOSEPH A. EWART,
Superintendent.

January 17, 1921.

APPENDIX
TO
REPORT
OF
SUPERINTENDENT

SPECIAL REPORTS
AND
STATISTICS

REPORT OF PRINCIPAL OF HIGH SCHOOL

To the Superintendent of Schools:

In the following report I shall endeavor briefly to set forth the most important achievements of the Milton High School during the past year.

It is our aim to fit our students to take and to fill appropriate and worthy places in active life. Some desire to continue their education. It is our duty to afford them opportunity for the necessary preparation. Others choose to enter at once remunerative employment. It is our task to equip them.

The following statistics regarding the graduating class of 1920 will show what becomes of our finished product. Diplomas were issued to fifty-seven students, and one student completed a graduate course. Thirty-two of them, or more than half the class, are continuing their education, while twenty-four are in business positions.

Statistics of Class of 1920

	Boys	*Girls*	*Total*
Colleges	9	9	18
Normal Schools	0	3	3
Other higher institutions	2	6	8
Graduate course, Milton High School	0	1	1
Graduate course, other secondary schools	2	0	2
Total continuing education	13	19	32
In business positions	6	18	24
At home	1	1	2
	20	38	58

The wide distribution of our students in higher institutions may be seen from the following list:

Boston College	1	Boston Normal Art	1
Boston University	5	Chandler School for Women	2
Brown University	2	Framingham Normal	2
Dartmouth College	1	Lowell Textile School	1
Holy Ghost Apostolic College	1	Massachusetts Nautical School	1
Massachusetts Agricultural College	2	New England Conservatory	1
Massachusetts Institute of Technology	1	Posse Normal	1
Mt. Holyoke College	3	Schools of Art	2
Radcliffe College	2		

Scholarship

The most convincing evidence of the high standard of scholarship in our school is found in the success of our graduates in advanced educational institutions and in business positions.

The scholarship records of our students are put before their parents in the form of five regular reports each year. Special reports are issued more frequently in serious cases of deficiency. The letters A, B, C and D are used to indicate the standing of the student, A being the highest and D indicating failure in the subject thus marked.

The following table gives a summary of marks in academic subjects only, excluding such subjects as Manual Training, Cookery, Sewing, Drawing, Music, Printing and Physical Training.

5	303	752	690	228	1973
Total	1,511	3,846	3,720	1,109	10,186
Per cent	14.83	37.75	36.52	10.9	

Attention is called to the fact that the A and B marks, regarded as honor marks, make up 52.58 per cent of the total. Of the D marks, which constitute 10.9 per cent of all marks, many represent temporary failure only, and some indicate failure in a minor subject. In such cases the pupil's progress is not retarded.

I believe that the scholarship record of our school will compare favorably with that of other high schools.

Vocational Lectures

One of the important features of the work of our Advisory Bureau is a series of lectures or talks on various occupations. Each speaker sets forth the opportunities and the qualifications necessary for success in his particular business or profession. The students are encouraged to ask questions.

During the last season the following lectures were given:

Vocational Lectures, 1920

February 26 — DENTAL HYGIENE
Dr. Harold Cross, Forsyth Dental Infirmary

April 1 — BANKING
Mr. Putnam H. Ropes, Mattapan National Bank

April 9 — NURSING AS A VOCATION
Miss Rosa Shayeb, Parker Hill Hospital

April 22 — SPECIALTY SALESMANSHIP
Mr. Sydney Booth, Alexander Hamilton Institute

May 6 — LIBRARY WORK
Mr. Charles Belden, Boston Public Library

May 13 — INTERIOR DECORATION
Miss Bertha M. Howland, Boston

May 20 — AUTOMOBILES
Mr. Chester I. Campbell, Motor Mart

Parents' Conferences

During the present year a new plan of conferences with parents has been tried with gratifying results. The parents of the pupils of certain grades have been invited to come to the school on a designated afternoon. All the teachers have been in their rooms to confer with the parents. A pleasant social hour followed the conferences.

The object of this plan is to promote friendly acquaintance and co-operation between parents and teachers. Those who have attended cordially approve the plan. I earnestly hope that more parents will find it convenient to attend these conferences. It would also be well if parents would more frequently visit the school during regular sessions.

Suggestions

As in most high schools of Massachusetts the Commercial Course is very popular. The course provides very good business training for clerical work, thus serving quite well the needs of the girls. Few boys are seeking positions as stenographers, typists or bookkeepers. A course in salesmanship would, in my opinion, be a valuable addition to our curriculum. Instruction in office practice and the use of office appliances, such as the dictaphone and the adding machine, would also be of practical help to our students.

Conclusion

In closing I desire to express my gratitude for the friendly co-operation of both teachers and pupils, and for the pleasant relations I have enjoyed with yourself and the members of the School Board.

Respectfully submitted,

FRANK T. WINGATE.

January 14, 1921.

REPORT OF SCHOOL PHYSICIAN

To the Superintendent of Schools:

I have the following report to make upon the medical inspection of the public schools of Milton for the school year 1919-1920.

In accordance with the plan outlined in September, 1919, a beginning of the work has been made along the two general lines of school medical inspection, viz.: contagious and developmental.

The contagious side of the work in the schools of a suburban town fortunately does not present the problem which it does in a large city with its more congested population. There has been, of course, during the year a certain amount of contagious disease in the Town, but nothing approaching the proportions of an epidemic. Principals and teachers have all been keenly alive to the possible dangers of early or suspected cases of contagious disease, have reported and excluded such promptly and at certain times have requested special inspection of their schools.

The developmental side of school medical inspection has to do with study of the general health and development of the pupils. Hitherto neglected in comparison with contagious work, it is now assuming a steadily increasing importance due to two factors: the wide-spread condition of mal-nutrition among American children; and secondly, the reports of the recent draft examinations revealing 35-40 per cent of rejections among the youth of the country, most of them on account of physical conditions detectable and remediable earlier in life, *i.e.*, during school or pre-school age.

It seemed desirable, therefore, in starting this part of the work in the Milton schools, first to make a study of the physical condition of the pupils by a comprehensive examination of every child in the school system and then as rapidly as possible to institute measures for the correction and improvement of such abnormal conditions as might be found. The successful prosecution of such a plan involved the sympathetic co-operation of teachers and parents and proper organization of the work.

At a general meeting of teachers held early in October, the scope and object of the work were described and discussed; during the year frequent informal conferences and discussions held with principals and teachers have been of much help in the study of problems arising. The general subject of school medical inspection and its application to our own schools were also discussed at meetings of each of the Parent-Teachers' Associations of the Belcher, Tucker and Vose Schools. Finally as the examinations have been made, individual parents have been notified of defects and abnormalities found in their children, with the advice to consult the family physician or a dentist.

The physical examination being somewhat complex and time-consuming, its details were assigned to three groups of workers: the teachers, the School Nurse and the School Physician. The teachers and School Nurse made their part of the examination first, the pupil coming last to the School Physician for final inspection, examination, and decision. Individual records have been kept. The work as a whole has been greatly facilitated by the help of the Milton Social Service League, which has furnished volunteer workers and automobiles for the School Nurse in her "follow-up" work in the homes, and for the transportation of pupils to special clinics: eye, throat, dental and orthopedic. I am happy to express my thanks to these public-spirited people who have given this valuable help in our work.

The examinations have consisted of a general examination of all pupils, of special examinations of limited groups of pupils, viz.: those about to engage in playing football, those about to engage in playing basket-ball, those mentally backward or deficient.

The chief interest, of course, is in the general examination of the pupils as a whole. This has been carried out during the year upon 1552 pupils; a few of these, 84 in number, have been examined a second time two to four months after their first examination; this second examination has been made for some special reason: on account of either generally poor condition or some local condition, *e.g.*, of the heart or lungs.

Monthly weighings have formed a part of the general examination. This custom has been instituted in the different rooms of the grade schools. After the pupils are

weighed the results are recorded on a single large card which is kept hanging on the wall of the room for inspection and comment by the children themselves. This is an appeal to the ambition of the child himself and herself to make proper gains in weight. Its success depends largely upon the zeal of the teachers in carrying out the plan and in stimulating the slowly gaining child. Naturally it has been more successful in some schools than in others.

Analysis of the results obtained in the general examination of the 1552 pupils is interesting and instructive. The records have been studied with special reference to the general nutrition of the pupils and to certain local conditions, viz., of the teeth, throat, heart, lungs, and feet.

The general nutrition has been estimated by considering the height, weight and age of the individual child as compared with a certain standard. This standard has been the "Height and Weight Table for Boys and Girls" issued by the Child Health Organization of New York, a table based upon the examination of thousands of American school children. Of the 1552 children examined in the Milton schools, 16 per cent are 10 per cent or more below the standard for age and height.

The condition of the teeth and throat has a marked influence on the general health and nutrition of most children. They have therefore received special attention in this study.

The teeth of the pupils are in as lamentable a condition apparently as are those of the children of most communities; 50 per cent of the boys and 65 per cent of the girls enter the kindergarten with carious teeth. The number with such teeth appear to increase up to the fourth or fifth grade, when there is a sharp drop in the number, and again a drop later, in the seventh and eighth grades.

The condition of the throat was bad (diseased tonsils) in about 20-25 per cent of the pupils in the first six grades, after which the proportion declined to 5 per cent or zero in the High School.

In most of the cases of heart trouble the condition was slight, but undoubtedly permanent. All the heart cases were reported to the principals of the respective schools and violent exercise forbidden.

There was a satisfactory absence of serious lung trouble among the pupils. There were no cases of active pulmonary tuberculosis (consumption); no cases of proven latent tuberculosis were detected, though there were six suspicious or suggestive cases, and also three cases suggestive of tuberculosis of the bronchial glands.

The feet of the pupils as a whole were found to be in good condition, 5 to 6 per cent only having flat-foot. In the High School, however, the condition was more prevalent, 7 per cent of the boys, and 10 per cent of the girls having "flat-foot" in varying degrees.

The posture of many of the pupils was found to be poor and among the High School girls 43 per cent showed faulty standing position.

Summary

This first year's study of the physical condition of the children in the Milton public schools may be summarized briefly as follows:

A considerable number of children enter the school system already handicapped by a severe degree of mal-nutrition, at least 10 per cent or more below the average weight for their age and height. The numbers persist in varying degrees throughout the grade schools. In the High School there is a relative decrease among the boys, a relative increase among the girls.

An even larger number of children begin their school-life with poor and carious teeth which number increases up to the fourth or fifth grade when it diminishes markedly. The large number in the lower grades is probably due to the indifference and ignorance of parents and some dentists to the importance of the first teeth. The improvement in the teeth among the older children is due probably to various reasons: greater care of the permanent teeth on the part of both parents and children, the campaign of education waged now for eight years by Miss Clarke, the School Nurse. Her valuable and persistent work is undoubtedly bearing fruit.

A large number of children enter the kindergarten also with diseased throats, which number diminishes in the later grades, undoubtedly owing to the growing practice of operating on such throats.

Faulty position and carriage of the body were widespread at all ages, but especially marked among High School girls. Aside from the appearance of such carriage, bad posture is apt to lead ultimately to structural and organic disorders of certain tissues, *e.g.*, of the spine and lungs.

Flat-foot was not frequent, but increased among High School pupils, especially girls.

The Future

The year's study, although thus limited, suggests certain lines of activity to be followed, viz:

It would be valuable if intensive study of certain children of pre-school age could be made in the home, in order to attack at their source and as early as possible conditions unfavorable to healthy growth and development, thereby cutting down the number of children beginning their school career in a severe state of mal-nutrition (a community problem).

Intensive study should be made of the group of children already in school and suffering from a severe state of mal-nutrition (a school problem). In this group, special aftention should be given to the considerable number of High School girls who show bad posture, poor teeth, flat-feet, all closely connected with their poor nutrition, either as cause or effect.

The effective work now being done by the School Nurse in dental hygiene should be continued, pushing this work even more vigorously in the lowest grades.

More active measures should be taken towards the correction of poor posture among the pupils.

Respectfully submitted,

Frank Spooner Churchill, M.D.,
School Physician.

January 17, 1921.

REPORT OF SCHOOL PHYSICIAN

To the Superintendent of Schools:

I beg to submit the following report of the medical examinations of the girls from the sixth grade through the High School, inclusive.

These examinations were begun October 14, 1920, and were conducted two days a week up to December 21, 1920, when they were concluded. Dr. Churchill most kindly arranged his examinations so that Miss Clarke might be present at all my examinations. The fact of having Miss Clarke present and the "follow-up" work which was done promptly and efficiently seem of inestimable value to the child.

A thorough examination was made of throat, teeth, hair, glands, chest (including heart and lungs), spine, feet, posture, and general nutrition.

Messages were sent to the homes giving notice that the examinations were to be made and inviting any parent to be present at the examination of her own child. Only a few mothers, however, availed themselves of the opportunity and they were given advice as to the condition of the child. All defects were noted upon the health cards and written notices of these defects were sent to the homes.

The homes of all cases of heart trouble were visited by Miss Clarke and careful explanations made. She visited also families where there are children with curvature of the spine, where there are children needing special oversight of the lungs, and where the children are found to be ten per cent or more underweight. At the time of examination the children of this last group were given advice as to diet. Of course, the important part of the work is to have something done about these defects,— the eyes examined for glasses, the teeth put in order, unhealthy tonsils removed, underweight children properly fed, etc. It is hoped that when another examination is made this "preventive" work will have been done. School physicians, teachers, physical instructors, and nurse all do their share; the responsibility, however, for the correction of the defects discovered rests with the parents.

In general in the upper grades the condition of the teeth of the girls is remarkably good.

The posture is very poor throughout the classes I have examined. It is the exception rather than the rule to find the girls carrying themselves correctly. While there are many needing special care of spine and feet, all the girls ought to have regular "setting-up drill" as a part of the daily health education. In harmony with the last report of the United States Commissioner of Education it would be of great advantage to our girls if they were given regular instruction along the lines of diet, bathing, sleeping, fresh air, care of the hair, constipation, etc. The number of "underweight" girls is striking. Probably this underweight is responsible for much of the poor posture.

The cases of heart trouble were reported to the principals of the respective schools. The physical instructor gives careful attention to these girls in the setting-up drills and excludes them from all apparatus work and athletics. The nurse's conference with the parents usually results in the girl being taken to the family physician.

In all ten girls only showed poor condition of the lungs; these also were markedly underweight, which suggests a pre-tubercular condition that demands a physician's care.

After the examinations were finished, a Mothers' Meeting was held at the Belcher School and another at the Vose School. For another year it would seem to be a good plan to have a Mothers' Meeting at each school before the examinations take place.

With the cordial co-operation of the parents and the family physicians the beneficial effects upon our girls will be strikingly apparent at the next examination.

Respectfully submitted,

Augusta G. Williams, M. D.,
School Physician.

January 28, 1921.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

From January to June of 1920 the School Physician had with him during the examination of the children a corps of volunteer helpers, by means of which the School Nurse was free to carry on her share of the work as assigned by him.

At the beginning of the present school year the School Committee decided that all the work must be done by the Medical Department alone, requiring the presence of the School Nurse at the examination of every child. While this arrangement is more satisfactory in many ways, it makes it absolutely impossible for her to do more than record and send all notifications to parents or guardians, make sight and hearing tests in the first three grades, and make all hospital and home visits.

As a result of the examinations

634 children were found with teeth in good condition;

218 children whose teeth required a prophylactic cleaning only. Many of the others had been put in order during the year or were in process of repair.

Home visits are not made in the cases of children having defective teeth alone, because experience has shown that the teeth are usually taken care of as soon as possible after the receipt of the notification. If, however, the same condition is found upon the second examination, a visit is made concerning it.

About one-sixth of the children were found to be ten per cent or more under weight. The histories are taken of all these children to find out, if possible, the cause of their condition.

67 children had tonsils and adenoids removed during the year.

33 children were found with defective heart conditions, six of which were very serious, two being unknown to the parents until notified of the defect.

Several cases of very slightly defective chest conditions were found, and but one case at all serious.

24 children in the lower schools were found with defects or symptoms pointing toward defect in vision; of these, twenty-one were corrected.

Several children were found with temporary deafness, due to wax or colds. Three children were found permanently deaf in one ear, due to disease, one child deaf in one ear, due to malformation, and one child with a question of progressive deafness, no pathological or anatomical cause being found.

43 cases of pediculosis were found, active and otherwise. Of these, forty-one have returned to school in perfect condition.

Many children were found with flat foot or beginning flat foot. This condition is not taken seriously by the parents, and in but few instances by the family physicians. Only nine children are having some form of correction for this defect.

320 home conferences were held. Many more visits were made, but the parents or guardians were not at home. After several unsuccessful attempts to find the parent, letters were mailed in the more important cases.

83 children were taken to the Forsyth Dental Infirmary from January to June, 1920. Seventy-two of these were put in perfect order.

14 children were taken to the Massachusetts Eye and Ear Infirmary.

3 to the Psycopathic Hospital.

1 to the Massachusetts General Hospital.

3 to Forsyth for nose and throat examination.

In addition several large groups were taken to Forsyth for the nose and throat examination by a member of the Motor Corps. This examination is made at Forsyth only in cases of children whose teeth have been put in order there.

All this home visiting and taking of children to Boston clinics has been made possible by the help of the Motor Corps of the Social Service League under the able direction

of Miss Martha Peabody. This corps is ever ready and is absolutely invaluable to our work.

In addition to all this, by means of the Corps, the School Nurse visits three schools each morning. These frequent visits should aid very materially in preventing the spread of contagion.

To the Motor Corps and also to our friends who have helped us by sending clothing, we extend our very sincere gratitude.

Milton is most unfortunate this year in not having a reservation at any dental clinic. We are cut off from Forsyth by the shortage of dentists, and from Harvard because of overcrowding. Tufts last year had no students ready for work, and this year very few if any children have gone there. This is indeed very serious, as it means that the large number of children who have been treated at Forsyth in the many years during which we have had a reservation are now receiving no attention. As a rule the children of Milton have remarkably good teeth, and it is a great pity that our years of work should go for naught. Surely Milton should have a dental clinic of its own.

Respectfully submitted,

SYDNEY CLARKE.

JANUARY 12, 1921.

REPORTS OF ATTENDANCE OFFICERS

To the Superintendent of Schools:

I present herein my report as Attendance Officer of the Town of Milton for the year 1920:

Number of cases investigated	4
Number of different pupils	4
Visits to schools	4
Visits to homes of pupils	2
Visits to mercantile establishments	2
Illegally employed	2
Absent because of sickness	1
Truant	1

Respectfully,

TIMOTHY McDERMOTT.

DECEMBER 29, 1920.

To the Superintendent of Schools:

I hereby submit to you my annual report as Attendance Officer for the Belcher School for the year ending December 31, 1920.

Number of notices received	32
Number of pupils kept by parents	17
Number of pupils kept for sickness	9
Number of pupils kept for want of clothing	2
Number of truants	1
Number sent for certificates	4

Respectfully yours,

HENRY F. BRIERLY.

DECEMBER 23, 1920.
